REQUEST FOR PROPOSAL City of Lauderhill RFP No. 2023-049

Towing Services-Due Date June 23, 2023 @ 2:45 PM

# **WESTWAY TOWING, INC**

## **LETTER OF TRANSMITTAL**

My name is Ernie Brett Holcombe, and I am the President of WestWay Towing Inc. WestWay Towing is one of the largest and most technologically advanced Towing and Storage Operations in South Florida. WestWay Towing has provided Towing and Storage Services for the following Cities above and beyond the required bid specifications. WestWay Towing has provided Towing Services in Broward and Palm Beach Counties for over thirty years. We have serviced the Cities of Cooper City, Pembroke Pines, Miramar, Miccosukee, Tamarac, North Lauderdale, Sunrise, Lauderdale Lakes, Weston, Fort Lauderdale, Lauderhill, Wilton Manors, Boca Raton, Hillsboro Mile, Delray Beach, BSO, PBSO, as well as all of their special units. I- 95, I- 75, I-595, and US 27 are also being serviced by WestWay Towing through the Florida Highway Patrol, and we are also a District 4 Special Risk Provider for I- 95, I- 75, I-595, and US 27, which requires the most severe amount of emergency equipment and response time specifications.

We have **never** had to pay any fines for being late, or for not performing per the bid specifications with any of these City contracts. WestWay Towing has **never** lost a city contract that we have serviced through numerous bid processes over the past twenty-nine years. We feel this is the only way to handle City Police Emergency Towing, and its residents. Our incredible performance is second to none, especially for a Towing company.

WestWay Towing is uniquely qualified to effectively accommodate the needs of the City of Lauderhill Towing and Storage RFP. We distinguish ourselves by recognizing the importance of customer courtesy, and customer satisfaction. This is reflected in our Past Performance, our Mission Statement, and the special features that only WestWay Towing provides.

### **\*\*\*\*\* MISSION STATEMENT \*\*\*\*\***

WestWay Towing is Committed and Dedicated to providing its service in a Professional, Efficient, Caring, and Courteous manner to drivers and passengers whose vehicles have become inoperable.

As described in our Mission Statement customer service is the basis of our success. I make myself available to handle any issues that might arise with our customers. The customer is always right, even when they are wrong. We serviced approximately 50,000 tows this year. To help us keep up with the highest level of service for our customers WestWay Towing has a customer survey that is performed by an independent survey company (White Rail), and results are sent directly to my cell phone.

WestWay Towing has never had to use subcontractors to help us meet any specifications your RFP stipulates. We always have enough help because of our rotating scheduling system and well over the minimum required towing equipment necessary in your bid specifications to handle all our cities that we service. We have used subcontracting for sand or dumpsters for cleanup purposes only.

Because of our past performances and experience with other Municipality Towing contracts that have almost the same Bid Specifications as the City of Lauderhill Request for Proposal, and all the special additional services that we make available for your residents, WestWay Towing feels our approach to the City of Lauderhill RFP for "Towing Services" will without a doubt allow us to perform above and beyond the requirements noted in your RFP.

Westway Towing has entertained the City of Lauderhill Towing Services RFP # 2023-049 with an offer that is firm and irrevocable for 120 days or longer if necessary, from the date of the proposal.

The following persons are authorized to make representations for the proposer.

### Statement of Capabilities

#### OPERATIONS PLAN AND APPROACH FOR THE CITY OF LAUDERHILL

Our scope of service is further amplified by applying the following qualifications and service. In addition to providing the basic Towing Services, WestWay Towing includes special features that make our plan of service most effective and beneficial to the residents of Lauderhill.

#### 1. ON-CALL CUSTOMER SERVICE VEHICLE

Free transportation is provided to the residents of Lauderhill if they need transport from the scene of an accident. With proof of a resident of Lauderhill, residents will be taken to their home, local car rental agency, or to our primary office free of charge. We would not take a vehicle and leave your residents abandoned. Your officers just need to request this service, and it will be dispatched with the Tow Truck. This will stop your Police Officers from transporting people home, and keep them on the road to do policing.

#### 2. SAFE, ACCESSIBLE LOCATION

Primary needs for your residents can be met at our location. This facility is surrounded by an 8 foot covered fence. Our offices are in safe walking distances to banking facilities, hotels, restaurants, and a car rental facility. There is an inside waiting area, atm, vending machines, and bathrooms are available upon request.

#### 3. TRAFFIC HOMICIDE AND CRIME SCENES

WestWay Towing has been approved by the Broward Sheriff's Office, Fort Lauderdale Police Dept., Sunrise Police Dept., the Florida Highway Patrol, Lauderhill Police Department, Cooper City Police Department, and Boca Police Dept. to service potential Traffic Homicide Accidents. Our employees are experienced in recovering and holding vehicles in strict compliance with the needs of onsite traffic investigations and crime scenes. WestWay Towing has worked with these special Police investigators for over thirty years, and has developed extensive experience in complex recoveries involving Police, Fire, and Emergency Agencies. WestWay Towing has experience in all types of Towing and Recoveries. All of our drivers are trained to handle overturned vehicles. More importantly they are trained to service calls in a courteous and professional manner. We also have a relationship with a local scale to help with the weights for special investigations.

#### 4. CITY OF LAUDERHILL ACCOMODATION FOR QUICK RESPONSE TIME

WestWay Towing will have units placed strategically within or adjacent to the City of Lauderhill boundaries at all times. WestWay Towing services the City of Sunrise, Tamarac, Lauderdale Lakes,

North Lauderdale. We are servicing the adjacent Towing contracts to the City of Lauderdale 24 hours a day, 7 days a week, so we feel confident that our response time will be achieved or beat the necessary times in your RFP specifications.

#### **5. LAUDERHILL RESIDENTS RELEASE OF VEHICLE**

If a vehicle is towed by your Police Department the law states that the registered owner has to go down and release the vehicle with the proper ID. There have been many instances that the vehicle towed was the only vehicle owned by that resident. If a Lauderdale resident needs a ride to pick up their vehicle or to release it to someone who is to repair it, WestWay Towing will except fax or email information to help your residents retrieve their vehicle.

#### **6. LAUDERHILL FIRE RESCUE TRAINING FACILITY AT WESTWAY MAIN SITE**

WestWay Towing has provided hundreds of cars for training our Emergency Response partners with their continuing education extrication classes. This includes Fire Rescue, and Police units. We train at our site because it is close enough to your City and the Rescue Units can respond from our site if an emergency occurred. Our site is environmentally safe so the cleanup is quick and easy.

#### **7. SCHEDULING AND COST CONTROL SYSTEM**

I do all the scheduling at WestWay Towing with my dispatchers. Doing Police Towing, you always need to overstaff, because you never know what's coming in. We will use previous years towing schedules to look and compare for holiday scheduling. We schedule with an overlapping technique, so we always have available drivers at any given hour.

We have safety meetings monthly which help keep our insurance losses down with liability and accidents claims. This helps reflect on our premiums, and keeps them lower. We also save money with our own staffed ASE certified master diesel mechanic. This keeps truck maintenance bills to a minimum.

These special features that we offer to your residents will save them money on transportation. These features will save your residents time in handling their issues while being inconvenienced by the reason they were towed. WestWay Towing knows what your residents are going to go through when their vehicle is towed, so we have developed these features to help them get through their dilemma.

#### **8. SITE CLEAN-UP**

All of our vehicles have the necessary equipment to clean up any accident scenes. Brooms, shovels, absorbent material, and buckets to take away any debris caused at an accident scene. All our drivers have worked these types of scenes and have the knowledge to open the road

quickly, as well as clean the streets so no additional liability is left to potentially cause another accident.

WestWay Towing has three 50-gallon containers that we use to get rid of materials that should not be dumped in regular dumpsters. These containers are picked up by a licensed waste disposal vendor that we pay, and we receive manifests to coincide with the waste disposal laws.

For the larger accident scenes WestWay Towing has a bobcat with attachments, and a Volvo L120 loader with a bucket and forks. We also have an environmental company on site to help clean up any fuel leaks. We have dumpsters available 24 hours a day, 7 days a week.

## **9. DISPATCH AND COMMUNICATION SYSTEM**

WestWay Towing has created the most technologically advanced dispatch system in the Towing Industry. Our drivers use communicating tablets that have IP addresses in them so through applications we can send the call directly to the driver. He or she will accept the call. By accepting the call, it time stamps the dispatch screen. When the driver arrives at the scene he pushes arrive and it time stamps the dispatch screen. Hooked, Enroute, Dropped, and Cleared works the same way. The driver can also scan the vin plate which automatically enters the year, make, and model. The driver will also take pictures of the vehicle to show any old damage that was on the car.

Communication is done electronically. Contract rates are programmed into the management system and by acknowledging the correct times on scene, the invoice is automatically calculated so there is no guessing of pricing for services by the driver. We are also creating response time reports at the same time.

We know how important **HOLD** cars are to special investigations. Handling these types of storage situations are a task in itself. If your investigator puts a special **HOLD** on the vehicle, our management system throws a large **HOLD** on the front of the information screen so if anyone comes to our facility and tries to release this **HOLD** vehicle, our office personnel will automatically call the investigator to confirm the release.

## **10. CODE ENFORCEMENT AND VEHICLE NOTIFICATION**

WestWay Towing has handled Code Enforcement Services with all the Cities we service exclusively. Our vehicle notification system keeps us up to date with Florida State Statutes. Our vehicle notification process is computerized, and is directly connected to the State of Florida Department of Motor Vehicles. This allows immediate owner information and the ability to notify them of the whereabouts of their vehicle. Our management system automatically sends out the necessary certified letters. We can go back 7 years to get information on all the cars that have been disposed of. Our lien process department will have direct communication with your code compliance division. Patricia Woodward is your contact at all times, and she can

be reached at (954) 731-1115. Patricia has handled well over 350,000 cars, and is well known with all the special auto task force agencies for her diligent work ethics.

### **11. STORAGE FACILITY FOR SERVICING THE CITY OF LAUDERHILL**

Our Current storage location for servicing the Lauderhill Towing and Storage RFP is located at 3681 W Oakland Park Blvd Lauderdale Lakes, Florida 33311, 1.9 miles from your city. Our facility is completely enclosed by an eight-foot fence with room for over 600 cars outside, and an indoor storage area for those vehicles requiring protection from inclement weather or special investigative holds that can store 50 vehicles indoors.

We have video cameras and recorders for added security as well. Our main headquarters at 3681 West Oakland Park Blvd, Lauderdale Lakes is equipped with a generator capable of running the entire operation. We will be ready to handle the cities RFP during any type of weather condition as well.

There is a separate designated area within our facility with a mechanical lift, special lighting, and tools that we make available for vehicles that are being held for crime scene investigations. We also have a totally secured area for finger printing or whatever the reason the officer chooses to use this room for.

We are also capable of helping your Investigators rein-act the accident scene at our site, and have the machines available to tear apart the vehicle for an in-depth look. There is a conference room with a 100-inch screen and projector available for your special investigators as well. These offices have computers, printers, Wi-Fi, bathrooms, desks, and phones. We also have a locked personal property room that we store valuable property that has been taken out of the car for additional security and protection for the public. Each item is tagged with a decal we have made. Our storage yard is inventoried every week with our management system support. We have never lost a car in 30 years. Our front gate is managed by our office and yard man.

## COMMUNITY INVOLVEMENT

WestWay Towing participates in the Special Events with every city we provide our services to.

Performed in the Fort Lauderdale Saint Patty's Day Parade.

## Tab 6 Technical Qualifications

### Equipment

WestWay Towing is equipped with the finest commercially manufactured equipment available, and at any time and can handle any type of Recovery or Wrecker situation that could occur in the City of Lauderhill.

Our vehicles are maintained and inspected on a daily basis. Each driver is responsible to check the vehicle prior to his day of work. Any equipment problem discovered or maintenance required is reported to dispatch immediately. All trucks are serviced every 7500 miles by a full-time employee who is a certified ASE mechanic. This includes hydraulics, brakes, and all fluid checks. It is important that our image is as good as our service. We have been selected four times by TOW TIMES Magazine which is the main magazine that recognizes the Towing industry across the country.

WestWay Towing owns 100 percent of our fleet. Our Wreckers and Flatbeds are turned over every three to four years depending on the value and type of depreciation that was financially chosen on the specific vehicle at the specific time.

We keep our trucks in top condition which provides for higher trade in values.

WestWay Towing owns more specialized Towing and Recovery Equipment than most Towing operations in the State of Florida. This equipment is available 24 hours a day, seven days a week like all of our other equipment. With the following equipment WestWay is capable of handling any type of Recovery that occurs in the City of Lauderdale.

We own a Volvo Loader L120 with a bucket and forks that will assist in cleaning up any spill or merchandise that penetrates the roads in the city.

We own a bobcat with a sweeper, forks, and bucket to assist in cleanup as well.

We have an environmental truck for use of recovering spilled fuels and other liquids.

We have two motorcycle trailers, one indoor and one outdoor for transporting the Police motorcycle units as well as the public if requested.

We have two 54-foot Lan-doll rollback trailers for transporting an airplane or the City Fire Engines.

We have four Lowboys for the Cities heavy equipment with height and overweight issues.

We have a 53-foot enclosed trailer for offloading the merchandise from a rolled over tractor trailer.

We have a dump trailer as well as 10, 20, 30, 40-yard containers for removal of garbage from an accident scene, or hurricane cleanup.

### **Tow Truck Operators:**

WestWay Towing employs forty- five driver's full time. All drivers need to be approved by our insurance company before they can even step foot in one of our vehicles. We run a complete day shift as well as a minimum 14 truck night team. Drivers are paid hourly with overtime pay. We do not pay commissions because we learned most companies that pay commissions when their drivers come out at night after working all day, will find invoices overpriced because the driver wants to get paid better for coming out again.

All our new drivers get a background check and are interviewed by a minimum of two managers. We understand we are responsible for each employee actions. We offer paid training for updating their license to a higher class of driver responsibility. We believe in paving the path of success for all our employees.

Forty-five operators that are trained and skilled to coordinate the prompt performance of their services with and as directed by local law enforcement. All drivers are trained and skilled in the effective operation of their wreckers. They are also experienced in evaluating and providing the services necessary for the removal of overturned vehicles, crushed vehicles, and submerged vehicles.

All drivers are attired in official company uniforms. They are specially trained to assist and accommodate motorists and passengers who are at the scene of any break down or accident as described in our Scope of Service.

Team WestWay qualifications are without a doubt one of the highest trained companies in the towing industry. With our technology, equipment, storage yards, and employees having an average age in the company of ten years.

### CONFIRMATION OF DRUG-FREE WORKPLACE

In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibitions.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or Contractual services that are under Bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employee that, as a condition of working on the commodities or Contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendens to, any violation of Chapter 893 or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after the conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by, any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

A signed copy of your Drug-Free Workplace Policy must be attached to this signed copy and submitted with the Bid Documents.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

Dear Sir;

Let me take this opportunity, on behalf of the Fort Lauderdale Fire Rescue Department, to thank you and your crew for your generosity. By granting us permission to train at your salvage yard, our newest firefighters were able gain tactile experiences that will ultimately help us to provide a superior service the citizens of Fort Lauderdale.

During our eight hour training session your crew went well out of their way to make sure that all of our needs were met. They provided us with four vehicles and staged them to simulate a realistic motor vehicle accident. This attention to detail allowed our new fire fighters to have hands-on training and demonstrate their ability to operate the tools in a proficient manner.

Sincerely,

To Darren Wells and Westway Towing Staff,

On September 9<sup>th</sup> and 10<sup>th</sup>, 2014, the Fort Lauderdale Police Bomb Squad recently conducted monthly training at the War Memorial Auditorium in downtown Fort Lauderdale. The members of the Fort Lauderdale Police Bomb Squad continuously train as part of our commitment to keep the residents of the City of Fort Lauderdale safe and secure. The City of Fort Lauderdale and the Fort Lauderdale Police Bomb Squad would like to personally acknowledge your contribution and partnership to this successful training event. Thanks to your assistance, this training was a success. We appreciate your help in this endeavor and look forward to serving the City of Fort Lauderdale with you again.

Mr. Wells;

On behalf of the Fort Lauderdale Fire Fighters Benevolent, I would like to take this opportunity to thank you and Westway Towing for your annual support of our Fort Lauderdale Fire Expo. This event is our annual event that is instrumental in raising funds to help firefighters that have been injured.

Over the last three years, your donation of over sixty cars has allowed us to continue this instrumental event. These donations have enabled us to train over 900 firefighters from across the state on tactile vehicle extrication. While supporting a great cause.

We look forward to a continued relationship with your agency.

Sheriff Scott Israel

I wish to express to you and Col. Al Pollock my gratitude for your assistance in helping me retrieve my late husband, Bob Garland's bike following his death on April 27th in Lauderdale Lakes. Without your help I would have totally lost the bke. I thank you so much and will forever be grateful for your support. Also, there aren't words enough to thank you for asking Daren Wells , from West Way towing , tow the bike for me free. It is so great to have public officials and employees who really serve us. again, many thanks.

Sincerely,

Betty Garland

Dear Sirs,

I wanted to express my deepest appreciation for the Rotary Club of Weston Scholarship you have sponsored. I was named "Student of the Month" for this past September, and was pleasantly surprised to find out that this honor came with a monetary award as well. I will be attending Stanford University this fall, and plan on studying engineering and business. I will be at the cutting edge of Silicon Valley's entrepreneurial startup scene, in hopes of contributing to the next big innovations in our world. These funds will most certainly help my family afford this education, and you have my greatest gratitude.

Sincerely,

To Whom It May Concern:

On July 29<sup>th</sup>, 2016 a Mr. Gill was arrested by the Broward Sheriff's Office for an active warrant. Subsequent to his arrest, his vehicle was towed to Westway Towing for safekeeping. It was later learned that Mr. Gill was arrested on a warrant in which he already served months prior but the clerk of courts had not removed the "active warrant status" from the computer system. This caused a great financial hardship on Mr. Gill who now could not afford to pay the tow and storage fees.

On August 2, 2016 Sgt. Phillips reached out to Darren Wells from Westway Towing and explained to him the predicament Mr. Gill was in. Darren Wells was extremely understanding to Mr. Gills situation and on behalf of Westway Towing, was kind enough to forgive the storage and tow fees accumulated by Mr. Gills situation and released his vehicle.

On behalf of the Broward Sheriff's Office and the Tamarac District, I would like to thank Darren and Westway Towing for their generosity and expression of good will as we continue with our partnership in serving our citizens of Broward County.

Sincerely,

# FORT LAUDERDALE FIRE EXPO

November 15th, 2016

Dear WestWay Towing:

On behalf of the Executive Board of the Fort Lauderdale Firefighters Benevolent Association and all the members of the Fort Lauderdale Fire Department, I would like to personally thank you for sponsoring the 8th Annual Fire Training Expo.

With your support, the Fire Expo was a complete success! This years Expo attracted over 250 firefighters with many traveling from as far away as Argentina to attend. The training you helped provide, will assist firefighters from around the world, by providing them the opportunity to have hands on training that is often hard to facilitate.

We look forward to a long and prosperous relationship with you and your company. If there is anything the Fort Lauderdale Firefighters Benevolent can do for you, please do not hesitate to call.

Sincerely,

To Whom It May Concern:

July 31<sup>st</sup>, 2017

It is my pleasure to write this letter of recommendation for Westway Towing. For many years this great company has worked hand in hand with the firefighters of Fort Lauderdale.

This company offers much more than what their title suggests. Under the awesome leadership of Craig and Darren, Westway has become a staple in the community. These men have ensured that their company is a prevalent force in the many fundraisers that accompany the Firefighters Union, Firefighters Benevolent, Fire Training Expo and the Firefighters Sick & Injured Fund.

On a professional note, our officers rely on and trust every hard working member that responds from Westway Towing. There is not an incident, emergency or situation that Westway can't handle. Our chief officers often lean on Westway's field supervisors when unique situations present while operating on our emergency scenes. The company is highly trained in many areas, which include dive emergencies, vehicle extrication, high angle rescues, trench & confined space emergencies and incidents where heavy rigging and large wreckers are needed. Again, there is not an emergency scene where Westway is not willing and able to provide assistance, an expert opinion or a special piece of equipment.

Most importantly, this company has become much more than a tow company. Craig and Darren have become our family and a part of the fabric of the Fire Service. Firefighters often use the word "brotherhood". Only a select few have the honor of being in this fraternity and these men and this company have proved to be a huge part of it.

For any additional info, feel free to contact me at anytime!

Sincerely,

Michael C. Salzano

FROM THE DESK OF MAYOR HAZELLE ROGERS

---

April 10, 2017

To Whom It May Concern:

With confidence, I am writing to provide a letter of reference for services of Westway Towing in the City of Lauderdale Lakes. During the past two decades, Westway Towing has handled emergency situations as the third leg of the emergency responders (Police, Fire and Towing Recovery). This is a monumental responsibility and has been executed with professionalism and consistency over time.

To my knowledge, Westway Towing has promptly responded to over 17,000 towing and recovery tasks and never once had to discuss any lack of performance. It is my belief that this level of service could not be matched by any other towing company and I am very proud of the service that Westway Towing has provided over the years.

I support and strongly recommend the services of this company.

Sincerely,

  
Hazelle P. Rogers

April 13, 2017

To Whom It May Concern,

On January 1, 2015 Westway Towing began their professional partnership with the City of Wilton Manors and the Wilton Manors Police Department for towing services. Throughout the City's "Request for Proposals" process Westway Towing President Craig Goldstein and his team provided written and verbal commitment to provide professional and responsive towing services to our Agency and to be actively involved in our community. Mr. Goldstein and his team have fulfilled and continue to fulfill that promise in both routine and challenging circumstances. We have requested Westway Towing conduct some very challenging assignments and they have succeeded in handling these situations using specialized equipment, resources and highly trained personnel to accomplish these missions in a safe and thorough manner. In addition to the towing services provided, Westway Towing is an active member in our community by partnering with us in a D.U.I. prevention campaign, assisting during our special events, being involved in our youth mentoring programs and other community directed tasks and communications. We have found that through Mr. Goldstein's leadership his team remains committed to fulfilling our needs and the needs of our residents and visitors.

It is because of Mr. Goldstein's commitment to serving our agency and community and the trust and respect he and his team have earned during the first two (2) plus years of our partnership that I provide this recommendation to you. Should you have any questions please do not hesitate to contact me at (954) 390-2185 or [gblocker@wmpd.org](mailto:gblocker@wmpd.org). Thank you!

It is my pleasure to write this letter of recommendation for Westway Towing. For many years this great company has worked hand in hand with the firefighters of Fort Lauderdale.

This company offers much more than what their title suggests. Under the awesome leadership of Craig and Darren, Westway has become a staple in the community. These men have ensured that their company is a prevalent force in the many fundraisers that accompany the Firefighters Union, Firefighters Benevolent, Fire Training Expo and the Firefighters Sick & Injured Fund.

On a professional note, our officers rely on and trust every hard working member that responds from Westway Towing. There is not an incident, emergency or situation that Westway can't handle. Our chief officers often lean on Westway's field supervisors when unique situations present while operating on our emergency scenes. The company is highly trained in many areas, which include dive emergencies, vehicle extrication, high angle rescues, trench & confined space emergencies and incidents where heavy rigging and large wreckers are needed. Again, there is not an emergency scene where Westway is not willing and able to provide assistance, an expert opinion or a special piece of equipment.

Most importantly, this company has become much more than a tow company. Craig and Darren have become our family and a part of the fabric of the Fire Service. Firefighters often use the word "brotherhood". Only a select few have the honor of being in this fraternity and these men and this company have proved to be a huge part of it.

Dear Darren,

On behalf of the Broward Sheriff's Office, North Lauderdale District 15, I would like to personally thank you and your staff for assisting with the National Night Out event on August 2, 2017. This event is certainly a joint effort between our agency, the City, and the community. With your collaboration, we know this event will be highly successful and one our community will enjoy being a part of.

This year's event will include many members of the community, including civic groups business owners, neighborhood organizations, city staff, and elected officials; most importantly the youth of our community.

It makes me proud to see the joint effort of the City of North Lauderdale and the community coming together to send a message to criminals; that we are standing together as a community to fight crime and drugs.

Thank you again for all of the efforts by your establishment to ensure that another successful joint venture benefits our community. Please send my sincere gratitude to all of those involved in making our National Night Out a successful event.

Sincerely,

Broward Operations  
West Way Towing Inc.

Dear Mr. Wells,

I wanted to take a moment to share with you our gratitude for your organization's professionalism and support of Fort Lauderdale Fire Rescue Operations. West Way Towing was instrumental during a coordinated 4-week training class between the Regional Technical Rescue Teams and Towing with Rotator. West Way Towing has been extremely generous with providing an unlimited number of cars used during monthly training sessions involving extrication. Our Technical Rescue Team also had the opportunity to participate in a joint training with West Way Towing and Tesla at the Tesla location. This training has proven to be valuable to our members as we have had several incidents involving accidents with Tesla vehicles. Your organization has made available for our use the 60-ton Rotator during any TRT emergency. The company has always gone above and beyond the scope of responsibility and assisted with our annual fire training at our Fire Expo. Darren, we appreciate you committing your time as one of our coordinators for the Fire Expo. You and your organization have proven to be a reliable member of our vital training at the annual Fire Expo.

In closing, we greatly appreciate everything that you and your organization have done to build positive relationships with Fort Lauderdale Fire Rescue. This team approach and collaboration has helped enhance our services that we provide to our residence and visitors. Thank you for your professionalism and continued support. If I can provide any further assistance, do not hesitate to contact me at 954-828-6864 or [cbotting@fortlauderdale.gov](mailto:cbotting@fortlauderdale.gov).

To whom it may concern:

As Major of the Fort Lauderdale Police Department Patrol Division, I have watched our relationship with West Way Towing grow stronger with each passing year. Your company's commitment to this Agency's mission, day in and day out, demonstrates the true essence of public/private partnerships. Whether your employees are responding to the scene of an accident, or standing by to tow illegally parked cars from the roadway, we can always count on a timely and professional response. Your commitment instills the confidence that regardless of the time of day, or nature of the request, your men and women are always quick to answer the call.

One of the key reasons for this success is the relationships forged by Darren Wells. Darren and I have spoken on dozens of occasions to discuss issues surrounding the officers' thoroughness of reports and ways to correct it. Darren has always responded to my requests in a timely and professional manner and his discussions with other members of my staff were concise and to the point. Darren has been a pleasure to work with, and I look forward to dealing with him and West Way Towing in the future.

On behalf of the Wilton Manors Police Department and the City of Wilton Manors, I would like to thank you for the assistance provided to us by Westway Towing.

On January 24<sup>th</sup>, 2019, WMPD had our annual "Touch-A-Truck" event at the Wilton Manors Elementary School. We received feedback from the children, teachers and parents who were quite impressed. I want to extend my personal and professional thanks to you for helping us make our 2019 "Touch-A-Truck" event a success. The children especially loved interacting with all personnel and seeing all the equipment used to serve and protect on a daily basis. Without your volunteered participation this educational and community building event would not have been such a success.

To Darren Wells and the Westway Towing Staff,

On behalf of Sgt Keven Dupree, the FLPD Training Unit, and the 33 officers that attended Vehicle Close Quarter Tactics Training, thank you. By assisting us and supplying two vehicles that we could use to train with, officers received valuable training that could save their life or the life of another.

Officers were taught how to win a deadly force encounter in and around a vehicle. The training these officers received required the vehicles to be shot with live ammunition but still be capable of being moved and not dangerous for the officers getting in and out of them. Most of these officers have never been able to fire live ammunition from inside or through an actual vehicle.

Homestead Shooting Center is a distant drive for anyone here in Broward County, but Westway towing did not question where the vehicles had to go to. The vehicles were exactly what we needed to accomplish the training. They were delivered ahead of time and there was no issue with retrieving them either. The professionalism and willingness to assist from all Westway Towing staff was amazing.

Sincerely,

To whom this may concern,

It is my pleasure to strongly recommend Darren Wells with Westway Towing for your towing needs.

I am Monica Ferrer, a Sergeant with the Fort Lauderdale Police Department. I have been with the Police Department for 20 years and have known and worked with Darren for the last 14 years.

Darren's response time to accidents and other scenes that require a tow truck is excellent. There have been countless instances that Darren and Westway Towing are already on an accident scene prior to Police arrival. This is very important and helpful, because the scene can quickly be made secure and the vehicles removed from the roadway so that traffic is no longer impacted. Darren does not just provide towing services for accidents; he also assists when Police and Code Enforcement conduct operations within the city. Sometimes these operations are conducted on short notice, and Darren is always able to organize his team in time to assist.

At the Fort Lauderdale Police Department, we have a slogan, "We Build Community." Darren has built community within the City of Fort Lauderdale Departments such as Police, Fire, and Code Enforcement. Darren assists in community outreach with the Fire and Police Department by participating in Night Out on Crime, St. Patrick's Day Parade, Light up Sistrunk, and Big Toy and Truck Extravaganza. This is just to name a few events. Darren not only has a professional relationship with the community, he also has a personal one and knows the majority of Fire and Police personnel by their first name. Darren is personable and engaging, taking the time to get to know the community he works so closely with.

If you need more information or specific examples, please do not hesitate to contact me at 954 828-5703, or by email [MonicaF@fortlauderdale.gov](mailto:MonicaF@fortlauderdale.gov). As previously stated, I highly recommend Darren Wells with Westway Towing. He has and continues to provide outstanding towing services to the Fort Lauderdale Police Department. Thank you

Sincerely,

Sergeant Monica Ferrer

Dear Darren,

On behalf of the Mothers Against Drunk Driving (MADD) National Board of Directors and staff, we want to *Thank You* for your generous \$2,500 Spotlight Sponsorship in support of the 10<sup>th</sup> Anniversary Walk Like MADD & MADD Dash Fort Lauderdale 5K. We are incredibly fortunate to have the continued support of sponsors like you that are committed to No More Victims of drunk driving.

Nearly 1,000 participants laced up their sneakers this year to walk or run, helping us raise over \$222,000, with funds still being accepted until June 9, 2021. These mission critical dollars will save lives in our community through prevention education in our local schools, and supporting victims of drunk and drugged driving, 100% free of charge.

Beyond fundraising, the goal of this annual event is to increase public awareness that drunk driving is 100% preventable. Unlike many other issues plaguing our community, drunk driving is not a disease that needs a cure, rather, it is something we can all work together to end. Through special events and awareness campaigns, MADD continues to educate people on the dangers of drunk driving as it remains the largest killer on the nation's roadways.

Darren, thank you again for partnering with MADD to reduce and prevent drunk driving. Your generosity saves lives.

Please take a moment to mark your calendar for next year's **Walk Like MADD & MADD Dash Fort Lauderdale 5K that will take place on Sunday, April 24, 2022.** Until we meet again, stay safe and be well.

Sincerely,

To Whom It May Concern,

Westway Towing began providing services to our city January 1, 2015. Considering the terms of the contract, our City is very satisfied with the prompt and professional services they have provided us. Westway has been very responsive to our needs and they have always communicated information to us in a thorough and expeditious manner. When talking about their commitment to issues outside the parameters of their contract, Westway has been heavily involved in our community events, and they have supported us with matters they are not necessarily responsible for.

In total, our City appreciates everything Westway has provided us during our business relationship and we look forward to continuing this partnership.
