

Jet-Vac Equipment Company, LLC was founded in 1971. With our roots built in sewer equipment, we have since expanded to include other equipment to serve our customers' needs. We provide sewer cleaning equipment, sewer camera inspection systems, street sweepers, multi-purpose equipment and accessories.

We currently have 5 locations to serve our customers. Our home office is in Sumter, South Carolina with a 19,000 square foot showroom filled with equipment, used for demonstrations and available to sell. In addition to Sumter, we have locations in Orlando, Florida - Atlanta, Georgia - Cookeville, Tennessee – Asheboro, North Carolina, and coming soon to Pompano Beach, Florida.

Our service department is second to none! With hundreds of combined years of experience, our technicians are knowledgeable in ALL brands of equipment, cameras, and nozzles. Currently, we have 4 service locations in addition to a fleet of service vehicles dedicated to providing repairs and service in the field! Whether it is at our shop or yours, we are ready to serve you!

At Jet—Vac, we feel that providing product education is key - not only with our team but - for our customers as well. With training facilities to accommodate over 100 people, we host several classes throughout the year. We also offer on-site training too!

With over 650 total years of experience in the wastewater industry, we are ready to answer all your questions or sure that we have someone on site that can!

Please let us know if you have any questions or need any further information.

We look forward to serving you.

Sincerely
Jet-Vac Equipment Company, LLC
