**Subject:** Request for Law Enforcement Trust Funds

The Police Department is requesting to utilize Federal Law Enforcement Forfeiture Funds to process evidence recovered in a search warrant.:

On June 24, 2019, the Special Projects Unit executed a search warrant and recovered numerous evidentiary articles which require special processing for DNA evidence. The Broward Sheriff's Office Lab does not currently have the technology to process the needed DNA evidence. The city currently utilizes DNA Labs International, in Deerfield Beach, who is the local recognized laboratory for this type of processing. We have reviewed the evidence with the lab and received a quote, written back-up is attached.

Since this case is a result of an on-going narcotics trafficking investigation, the Police Department is requesting the use of \$23,555 dollars of Federal Forfeiture Funds to process the evidence.

Your consideration in this matter is greatly appreciated.
