IV. PLANNING ANALYSIS

As stipulated in the Land Development Regulations, Article IV, Section 4.6 Standards for Approval, the Planning and Zoning Department has reviewed the proposed request pursuant to the following special exception considerations:

1. The effect of such use on surrounding properties.
2. The suitability of the use in regard to its location, site characteristics, and intended purpose.
3. Access, traffic generation and road capacities.
4. Economic benefits or liabilities.
5. Demands on utilities, community facilities, and public services.
6. Compliance with the Comprehensive Land Use Plans for Broward County and/or the City of Lauderhill.
7. Factors relating to safety, health, and general public welfare.

Based upon its review, staff finds the proposed use to be generally consistent with the above considerations. As such, staff recommends approval of the special exception request.

LDR Article III, Sections 2.3 and 2.4., and Schedule B. respectively address permitted and special exception uses. The LDR classifies Live Entertainment as an accessory use for an existing Restaurant Bar, which is allowed in the General Commercial (CG) zoning district as a special exception use. This application addresses only the request for an Accessory Live Entertainment, Indoor Use for entertainment to patrons during restaurant meals.

1. **The effect of such use on surrounding properties:** The subject property is zoned General Commercial (CG) on the City of Lauderhill Zoning Map and located along W Oakland Park Blvd, a major thoroughfare. The Restaurant bar is located within a plaza with other restaurants, salons, a Publix supermarket as well as a bank. Furthermore, the nearest residence is located more than 500 feet away buffered by a lake. As such, Staff concludes that this is an appropriate location for the proposed use as it pertains to the use's effect on the surrounding properties.
2. **The suitability of the use in regards to its location, site characteristics, and intended purpose and access:** The existing Restaurant Bar is located along W Oakland Park Blvd west of Inverrary Blvd and Lauderhill's City Hall within the RK Centers owned plaza. The 3,000 square foot unit where the restaurant bar is located is ideal to the owner because of its high visibility, ample parking, and proximity to other businesses, which may increase foot traffic to the business. Staff finds that the Use is suitable in regard to location, characteristics and purpose.

3. **Access, traffic generation and road capacities:** Staff finds that there is existing access along W Oakland Park Blvd. The proposed Use will continue to exist with the same square footage and is not proposing any changes to the site. The plaza has separate ingress and egress lanes for vehicular traffic. As such, Staff concludes that the subject site conforms to this criteria as the intensity of the use will remain the same in regards to access, traffic generation and road capacities.
4. **Economic benefits or liabilities:** Staff concludes that the proposed Restaurant Bar with Accessory indoor Live Entertainment provides both direct and indirect economic benefits. The direct benefits are the continuation of jobs within the City of Lauderdale. Specifically, the business employs a total of 7 people, and the owner/operator intends to hire an additional 5 staff members if approved for accessory live entertainment. An additional benefit is the collected sales tax and local business receipt tax. The indirect economic benefits could include sales taxes collected due to employee expenditures within the City. The economic liabilities would include the continued use of public services.
5. **Demands on utilities, community facilities, and public services:** Staff finds that the Restaurant Bar Use is an existing use and concludes that the continued operation of the use with accessory Indoor Live Entertainment would not generate a greater demand on utilities and community facilities. Staff finds that the business will continue to have a water demand that is typical of a restaurant with needs for cooking, cleaning, and restroom use.
6. **Compliance with the Comprehensive Land Use Plans for Broward County and/or the City of Lauderdale:** Staff finds that a Restaurant Bar with accessory indoor Live Entertainment is a commercial use. The site is designated Commercial on the City's Future Land Use Map and the Future Broward County Land Use Plan. Staff finds that the proposed use is in conformance with the City and County Comprehensive plans.
7. **Factors relating to safety, health, and general public welfare:** Staff concludes that a Restaurant Bar with Accessory indoor Live Entertainment will not adversely impact the public safety, health, and general welfare. The business has existing surveillance cameras, a security alarm, secured alcohol storage, fire extinguishers and kitchen fire suppression systems.
