

CRAFT Learning Center is a Limited Liability Company operating in the State of Florida. The mission of the organization is to provide care services for infants to 5<sup>th</sup> graders in the form of aftercare. The business plans to begin operation under its new business name on the day the special exception is granted. The hours of operation will be between the hours of 6:30am-6pm.

The business plans to have between 12-20 employees. As the company grows the need for more employees will become apparent.

1 – President/Owner - \$70,000

1 – Director - \$52,000

3 – VPK Lead Teacher - \$35,000 each

4 – Leader Teacher - \$30,000 each

3 – Assistant Teacher - \$25,000 each

1 – Custodial/Maintenance - \$25,000 each

1 – Food Service Rep - \$25,000 each

The building size is approximately 10,000 square feet.

The presence of the facility will not adversely affect the surrounding area. The space between the school and close by residents is separated by enough distance and a walled fence. The surrounding area is highly populated and having a childcare facility close by will be more of an asset.

The business will serve as much needed service for the community. The need for childcare services has continued to be on the rise for many years. We believe our company will continue to provide quality childcare services in the Lauderhill community for years to come. The proximity of the school will aid the community members in not having to travel long distances to pick up and drop off their children.

The location is also close to multiple public transportation, so parents and guardians have multiple options as far as transportation options.

The business will not adversely affect neighboring businesses. Our services will prove to be advantageous to employees of surrounding businesses with young children.

There are no fire hazards associated with the company. Neither will there be any chemical or potentially hazardous substances present on the premises.

The security measures for the school will include an intrusion alarm and surveillance camera system, with comparable NVR system.

There will be no significant water usage outside of the typical bathroom use of the children and staff members for normal business operation.

As a part of business operation there will be limited requests for the use of city parks.

As a part of normal business operation there will not be any noise disturbance to the community members.

Our business operation will create an influx of incoming and outgoing vehicles during drop-off time and pick up time. With drop off being between the hours of 6:30am-9am and 4:00pm-5:00pm.

There will be no involvement of alcohol or live music in any of our business activities.
