Item Weight	36 Pounds
Recommended Uses For Product	Outdoor Activities, Beach, Party, Camping, Recreation

About this item

- ONE BUTTON EASY SET UP - Our 10x10 pop up canopy tent features patented one push center lock tech. With just a single push, the central hub locks the poles in place. Designed for the next generation, this outdoor canopy for patio can be set up by two people in seconds without any tools. Three adjustable height settings with soft, pinch-free buttons ensure convenience and safety, making it perfect for camping, beach outings, craft fairs, tailgating, farmer markets, outdoor BBQs, and more.

Sponsored

- 150D CANOPY FABRIC - The silver-coated interior provides UPF 50+ UV protection, ensuring cooler and safer shade. Made from rugged 150D fabric, the pop up tent is water-resistant and flame-resistant (CPAI-84). This tent has a ventilation window at the top. This design is ideal for outdoor events and gatherings.
- STO' N GO SYSTEM - Our lift-free transport system makes it easy to collapse the party tent, cover it with the bag, and roll it away. The 10x10 tents can be stored with the fabric attached, with a specialized pocket for 4 sandbags, 8 stakes, and 4 guy ropes. Integrated wheels in the feet allow easy movement even when the instant shelter tent is set up, by simply lifting the side without wheels. This feature is especially useful for quick setup and takedown at locations like the sports or events.
- SPACIOUS AND COMPACT - With a 10' x 10' canopy footprint, this tent provides 100 square feet of shade, accommodating up to 10 people comfortably. The interior height exceeds 9 feet, and the maximum clearance under the valance is over 6 feet. When packed, the dimensions are 45" x 8.5" x 8.5", fitting perfectly in your vehicle's trunk. The headroom is enhanced by the absence of overhead crossbars, offering more spaciousness compared to traditional designs, making it great for parties and events.
- HIGH GRADE STEEL FRAME - The durable, high-grade, corrosion-resistant steel truss frame with hardened through bolts comes pre-assembled and can be set up without any tools. Engineered to support up to 120 lbs. distributed across the frame, it ensures robust and reliable performance. The extended ceiling assembly and upgraded high peak design make it easier for rainwater to run off, preventing water pooling on the canopy. Perfect for extended outdoor use at markets, festivals, and exhibitions.

- Safely secure tents, canopies, and umbrellas with US Weight's 30 lb canopy weight set. Ideal for outdoor events, the interlocking design provides stability and prevents wind-related accidents.
- Prefilled Weights – Each of the four durable, plastic shells is prefilled with concrete, totaling 30 lbs for the set.
- No-Pinch design ensures hassle-free, safe installation and removal. No more pinched fingers when attaching or detaching the weights from your canopy or tent poles.
- Perfect for any 10x10 tent or pop-up canopy – These weights fit snugly around poles up to 1.25 inches in diameter, delivering reliable security during windy conditions.
- Made in the USA from high-quality plastic, these weights are both strong and practical, providing a dependable solution for outdoor events.

From the manufacturer

Streamlight 45670 Rechargeable LED Portable Scene Light

Heroes Trust Streamlight.

Streamlight is a hands-on company; they've been one since the company started in 1973. They learn by doing, so they understand what their customers need because they're out there doing what their customers do, using the same lighting tools in the same ways. Streamlight goes through firefighters' training. They take courses in low-light shooting. They're hunters, fishermen, outdoor and sports enthusiasts. They believe it's their hands-on, real-world experience that leads to new ideas and innovations that set Streamlight apart.

With 120V AC/12V DC Charger and Shoulder Strap

The Portable Scene Light is an industrial-duty, rechargeable, completely portable high lumen flood light that can be fully deployed in less than 30 seconds. It uses six (6) LEDs and wide pattern reflectors to produce a uniform flood pattern with two (2) selectable beam widths and three (3) light output intensities.

Features telescoping pole and rotating head extend to an overall height of 72 inches. Onboard stabilizing legs can be deployed for high wind or uneven terrain environments. System includes a heavy duty shoulder strap, AC charger and 12VDC cord. Ideal for field maintenance, inspection of construction sites and remote equipment, military operations and general scene lighting.

High Lumen Scene Light Output & Run Time:

Six white LEDs within wide parabolic reflectors produce a smooth, uniform flood pattern. Selectable diffuser settings for two beam widths. Optimum peripheral illumination for scene lighting; 90-degree swivel neck allows you to aim the beam where you need it for task lighting.

Three user-selectable outputs:

- High for a super-bright flood beam: 5,300 lumens; 410m beam; runs 4 hours
- Medium for an intense beam and longer run time: 2,500 lumens; 292m beam; runs 9 hours
- Low for when a less intense beam is ideal and for longer run time: 1,300 lumens; 215m beam; runs 18 hours

Bright 5,300 Lumen, Portable and Collapsible Flood Light

Built To Last:

High-impact thermoplastic housing. Weatherproof construction. Unbreakable polycarbonate lens with scratch-resistant coating; O-ring sealed. IP67 rated*: dust-tight and waterproof to 1 meter for 30 minutes. Designed to resist 40mph wind continuous in all directions with head fully extended. *ANSI (American National Standard) / PLATO FL1 (Portable Lights Trade Organization) Standard. Issued 12/31/2013. Revised 03/18/2019. Document #171.

Balanced Design & Easy Setup:

Features a 72" extension pole. Rapidly deployed and locked in less than 30 seconds, and easily stowed. A narrow footprint lets you bring this light almost anywhere from wide open places to tight, confined spaces. Packs to a compact size for easy storage. Stabilization legs provide balance on uneven surfaces. Built-in cord prevents snags. Dimensions (Retracted Position): 6.5" Body Width, 11" Overall Height, 6.7" Head Diameter, 22.5" Length. Weight: 25 lbs.; easy to carry to work area.

Battery & Charging:

Zero-maintenance, sealed 12V, 14.4 Ah sealed lead acid battery rechargeable up to 500 times. Battery recharges in 10 hours. Includes 10ft (3m) DC power cord. Toggle switch allows operation from internal battery or continuous operation from external 12V DC power source. Red and green LEDs provide charge status feedback. Batteries will continue to charge while operating directly from an external 12V DC power source when using the remote cord or AC charger.

Product Description

The scene light is an industrial-duty, rechargeable, completely portable high lumen flood light that can be fully deployed in less than 30 seconds. The scene light uses six (6) LEDs and wide pattern reflectors to produce a uniform flood pattern with two (2) selectable beam widths and three (3) light output intensities. The scene light's telescoping pole and rotating

head extend to an overall height of 72 in. Onboard stabilizing legs can be deployed for high wind or uneven terrain environments. System SHIPS with a heavy duty shoulder strap, AC charger and 12VDC cord. Ideal for field maintenance, inspection of construction sites and remote equipment, military operations and general scene lighting.

Product information

Technical Details

Special Feature	Portable, Rechargeable
Color	Yellow
Power Source	Battery Powered
Light Source Type	LED
Material	Thermoplastic
White Brightness	3600 Lumens
Included Components	Lighting & Fans;Lighting & Fan Replacement Parts;lighting-accessories
Product Dimensions	22"D x 7.9"W x 7.9"H
Voltage	12 Volts (DC)
Light Path Distance	410 Meters
Battery Cell Composition	Lead Acid
Item Weight	25 Pounds
Number of Batteries	1 12V batteries required. (included)
Water Resistance Level	Not Water Resistant
Warranty Type	Manufacturer
Brand	Streamlight
Brightness	3600 Lumen
Battery Description	Lithium-Ion
Runtime	4 hours
Style	Industrial
Finish Type	Brushed
Specification Met	Meets certain battery-related specifications (inferred)
Recommended Uses For Product	field maintenance, inspection of construction sites, military operations, general scene lighting
Global Trade Identification Number	00080926456709
Manufacturer	Streamlight
Size	Large
UPC	080926456709
Item Package Dimensions L x W x H	24 x 13.5 x 9.5 inches
Package Weight	13.4 Kilograms
Item Dimensions LxWxH	22 x 7.9 x 7.9 inches
Brand Name	Streamlight
Warranty Description	Limited lifetime warranty.
Model Name	45670
Suggested Users	unisex-adult
Number of Items	1
Part Number	45670
Model Year	2016
Sport Type	Tennis

Subject: Request for use of State Law Enforcement Trust Funds

Good evening,

Attached please find two memorandums for your review. The first is requesting the use of State Law Enforcement Trust Funds, the second is for the release of funds if approved by Commission. If your office is ok with the use of funds as identified, I will attach all of the required purchasing back up when we upload to LEGISTAR and complete the agenda request memo.

Thank you Regine for taking the time on Tuesday to talk me through some of this. I appreciate your assistance.

Allen
