

# Cardiff Model Grant

**Centers for Disease Control and  
Prevention & American Public Health  
Association**

# BACKGROUND

It is a multi-agency, public health approach to violence prevention.

According to the US Department of Justice, **more than half** of violent crimes in the United States is not reported to law enforcement. By integrating hospital and law enforcement data, the **Cardiff Model** provides a clearer picture of where violent incidents take place. This information allows officials and communities to design targeted interventions to reduce violence.
