---

Yes  No

Tiffany R. Mcleod

**Why are you interested in serving on a board? If you have not attached a resume, please describe any qualifications, skills, and abilities you possess that would directly benefit this board.**

---

Dear City of Lauderhill Board Members, I am writing to express my interest in the Educational Advisory and Youth Council board positions with the city of Lauderhill, as I am confident I have the credentials and dexterities necessary for the job and am eager to put my pedagogy and expertise to serve the children, parents, and guardians of the Lauderhill community. I have resided within the city for some time now, and I admire the work that has been done to unify the diverse cultures, and improve the quality of life and experiences of constituents. With that, I am passionate regarding the city's mission of providing a secure, clean, and desirable place to live and work through the expansion and improvement of city services as I assert my aptitudes can contribute toward Lauderhill's goals in an impactful manner. To elaborate more on my professional history, I am a well-versed education professional that has over nine years of experience in the industry. Through the advancement of my career, I have accumulated a wealth of knowledge and transferable skills that would prove to be beneficial in an advisory board member capacity. Thus, I love and excel at vital aspects of education such as: building positive rapport, implementing curriculums, and learning strategies, developing presentations aligning with desired outcomes, and teaching both simple concepts and advanced topics to appeal to all depths of knowledge. Moreover, I have honed my dexterities in data analytics, therefore drastically improving student performance. As a result of my analytic abilities, I am recognized by the State of Florida as a High Impact Teacher. The award categorizes my impact on student growth as "among the most positive in the state" and further illustrates my dedication to serving the public stating "your efforts provide inspiration and opportunities for young people that may have been otherwise inaccessible." Equally as pertinent is my current enrollment in Florida State University's Master of Public Administration program with a certificate in Education Program Evaluation. These programs coupled with my career history prepare me to effectively and efficiently evaluate public and educational programs to ensure the intended outcome are conducive to the output of resources. Given the opportunity to serve on one of the education advisory boards would aid in the cultivation of my program analysis competencies thus advancing Lauderhill's goal of implementing and promoting programs to enhance the quality of education and encourage community involvement. Thank you for your time and consideration. I look forward to learning more about the youth and education board of Lauderhill and how I can help contribute to your team. With a proven track record of success in education, data analytics, and leadership, I am confident I am the right candidate. Again, I look forward to hearing from you and will be available for an interview at your earliest convenience.
