Incident Narrative:

OER received a SWP call on 1/14/2018 regarding a fire at a scrap metal recycling facility.

OER responded to the scene on 1/14/2018 and met with FR. The fire had been extinguished, and occurred in equipment similar to a backhoe. There was potentially 150 gallons of diesel in the machine, which appeared to have been consumed by the fire; the firefighting runoff appeared free of product.

OER considers the case closed.
