**Request Action:**

Seeking Resolutions for the approval of two items. The first item is a Site Plan application (24-SP-004) for the development of a Restaurant with Drive Through and a new 5 unit retail plaza, and the second request is for approval of Waiver application (24-W-001) for installation of a menu board call box within 200' of residentially zoned property, on an approximate 1.3 acre site made up of two parcels, 494115140050 and 494115140040, and within the General Commercial (CG) zoning district.

**Need: (Why is there a need for this action?)**

Action is needed to approve a site plan within the General Commercial (CG) zoning district, as requested by the City Commission. Action is needed to approve a Waiver within the General Commercial (CG) zoning district.

**Summary Explanation/Background: (Provide a summary/background of this agenda request)**

This is a two-part request for a Site Plan development order to approve the Site Plan, (24-SP-004), for the rehabilitation of an existing 2,375 square feet structure previously utilized as a restaurant with a drive-through; to a sit down/high turnover restaurant and maintaining the drive-through use as well as the development of a 7000 square foot, five-unit retail building

within the General Commercial (CG) Zoning District. The second request is for a Waiver, (24-W-001), from the provision of LDR Article III Sec. 5.32.2 Restaurant, fast food with or without drive- though and high turnover with drive-through, Sec. 5.32.2.H. to allow an outdoor menu board or ordering, pick-up, or pay station within 200 feet of a residentially zoned property within the General Commercial (CG) Zoning District.

The Planning and Zoning Department recommends the City Commission approve this Site Plan subject to the following conditions:

1. The property owner shall abide by any pre-existing dedications, restrictions, covenants, and easements that run with the land.
2. Prior to building and engineering permit approval, all outstanding comments issued by the Development Review Committee (DRC) must be addressed.
3. Within 180 days of an approved site plan development order, the property owner shall file for Building permits with the City of Lauderhill building department.
4. The single drive-through lane and associated menu/order board must be in substantial conformance to the approved site plan. Any expansion, alteration, enlargement or removal to another location of this use shall require additional site plan approval from the DRC and special exception use development order from the City Commission.
5. The property owner shall provide for adequate maintenance of the landscaping, right-of-way areas, and swale areas.
6. The property owner shall maintain the CPTED related site elements approved as a part of the DRC site plan approval.

**Attachments:** (Number all attachments consecutively)

A. Attachment A: Special Exception Use (SEU) Resolution No. 24R-08-173

**Cost Summary/Fiscal Impact:** (Include projected cost, approved budget amount and account number, source of funds, and any future funding requirements)

None

Estimated Time for Presentation: 5 minutes
