Re: NW 55th Avenue Planning Technical Assistance Program (PTAP)

Planning and Zoning has been in contact with MPO regarding NW 55th Ave and the last of connectivity and infrastructure to the existing Lauderhill Route 2 Community Shuttle.

We have opportunity to submit for Planning Funding with MPO through this program to help identify various factors that will help improve the corridor. As such, a resolution of support from the City Commission will be required in order to submit to MPO by June 30th. The program award would be a Corridor Plan but would require a 10,000 min or 10% match from the City of Lauderhill. The overall program currently has 600,000.00 to allocate to municipalities in funding for a Plan.

Please let me know if you have any further questions.
