Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (b) of subsection (1) of section 468.4334, Florida Statutes, is amended to read:

468.4334 Professional practice standards; liability.—

(1)

(b) If a community association manager or a community association management firm has a contract with a community association that ~~has a building on the association's property that is subject to s. 553.899, the~~

community association manager or the community association management firm must comply with that section as directed by the board.

Section 2. Subsections (1) through (6), paragraph (b) of subsection (7), and subsections (8), (9), (11), and (12) of section 553.899, Florida Statutes, are amended to read:

553.899 Mandatory structural inspections for condominium and cooperative buildings.—

(1) The Legislature finds that maintaining the structural integrity of a building throughout ~~the life of the building its service life~~ is of paramount importance in order to ensure that buildings are structurally sound so as to not pose a threat to the public health, safety, or welfare. As such, the Legislature finds that the imposition of a statewide structural inspection program for aging condominium and cooperative buildings in this state is necessary to ensure that such buildings are safe for continued use.

(2) As used in this section, the terms:

(a) “Milestone inspection” means a structural inspection of a building, including an inspection of load-bearing ~~elements~~ walls and the primary structural members and primary structural systems as those terms are defined in s. 627.706, by ~~an a-licensed architect licensed under chapter 481 or engineer licensed under chapter 471~~ authorized to practice in this state for the purposes of attesting to the life safety and adequacy of the structural components of the building and, to the extent reasonably possible, determining the general structural condition of the building as it affects the safety of such building, including a determination of any necessary maintenance, repair, or replacement of any structural component of the building. The purpose of such inspection is not to determine if the condition of an existing building is in compliance with the Florida Building Code or the firesafety code. The milestone inspection services may be provided by a team of professionals with an architect or engineer acting as a registered design professional in responsible charge with all work and reports signed and sealed by the appropriate qualified team member.

(b) “Substantial structural deterioration” means substantial structural distress or substantial structural weakness that negatively affects a building’s general structural condition and integrity. The term does not include surface imperfections such as cracks, distortion, sagging, deflections, misalignment, signs of leakage, or peeling of finishes unless the licensed engineer or architect performing the phase one or phase two inspection determines that such surface imperfections are a sign of substantial structural deterioration.

(3)(a) An owner or owners of a building that is three stories or more in height as determined by the Florida Building Code and that is subject, in whole or in part, to the condominium or cooperative form of ownership as a residential condominium association under chapter 718 or and a residential

cooperative association under chapter 719 must have a milestone inspection performed for each building that is three stories or more in height by December 31 of the year in which the building reaches 30 years of age, based on the date the certificate of occupancy for the building was issued, and every 10 years thereafter. If a building reached 30 years of age before July 1, 2022, the building's initial milestone inspection must be performed before December 31, 2024. If a building reaches 30 years of age on or after July 1, 2022, and before December 31, 2024, the building's initial milestone inspection must be performed before December 31, 2025. If the date of issuance for the certificate of occupancy is not available, the date of issuance of the building's certificate of occupancy shall be the date of occupancy evidenced in any record of the local building official.

(b) The local enforcement agency may determine that local circumstances, including environmental conditions such as proximity to salt water as defined in s. 379.101, require that If the building is located within 3 miles of a coastline as defined in s. 376.031, the condominium association or cooperative association must have a milestone inspection must be performed by December 31 of the year in which the building reaches 25 years of age, based on the date the certificate of occupancy for the building was issued, and every 10 years thereafter.

(c) The local enforcement agency may extend the date by which a building's initial milestone inspection must be completed upon a showing of good cause by the owner or owners of the building that the inspection cannot be timely completed if the owner or owners have entered into a contract with an architect or engineer to perform the milestone inspection and the inspection cannot reasonably be completed before the deadline or other circumstance to justify an extension.

(d) The local enforcement agency may accept an inspection report prepared by a licensed engineer or architect for a structural integrity and condition inspection of a building performed before July 1, 2022, if the inspection and report substantially comply with the requirements of this section. Notwithstanding when such inspection was completed, the condominium or cooperative association must comply with the unit owner notice requirements in subsection (9). The inspection for which an inspection report is accepted by the local enforcement agency under this paragraph is deemed a milestone inspection for the applicable requirements in chapters 718 and 719. If a previous inspection and report is accepted by the local enforcement agency under this paragraph, the deadline for the building's subsequent 10-year milestone inspection is based on the date of the accepted previous inspection.

(4) The milestone inspection report must be arranged by a condominium or cooperative association and any owner of any portion of the building which is not subject to the condominium or cooperative form of ownership. The condominium association or cooperative association and any owner of any portion of the building which is not subject to the condominium or cooperative form of ownership are each must arrange for the milestone

inspection to be performed and is responsible for ensuring compliance with the requirements of this section. The condominium association or cooperative association is responsible for all costs associated with the milestone inspection attributable to the portions of a building which the association is responsible to maintain under the governing documents of the association. This section subsection does not apply to a single-family, two-family, or three-family dwelling with three or fewer habitable stories above ground.

~~(4) If a milestone inspection is required under this section and the building's certificate of occupancy was issued on or before July 1, 1992, the building's initial milestone inspection must be performed before December 31, 2024. If the date of issuance for the certificate of occupancy is not available, the date of issuance of the building's certificate of occupancy shall be the date of occupancy evidenced in any record of the local building official.~~

(5) Upon determining that a building must have a milestone inspection, the local enforcement agency must provide written notice of such required inspection to the condominium association or cooperative association and any owner of any portion of the building which is not subject to the condominium or cooperative form of ownership, as applicable, by certified mail, return receipt requested. The condominium or cooperative association must notify the unit owners of the required milestone inspection within 14 days after receipt of the written notice from the local enforcement agency and provide the date that the milestone inspection must be completed. Such notice may be given by electronic submission to unit owners who consent to receive notice by electronic submission or by posting on the association's website.

(6) Phase one of the milestone inspection must be completed within 180 days after the owner or owners of the building receive receiving the written notice under subsection (5), the condominium association or cooperative association must complete phase one of the milestone inspection. For purposes of this section, completion of phase one of the milestone inspection means the licensed engineer or architect who performed the phase one inspection submitted the inspection report by e-mail, United States Postal Service, or commercial delivery service to the local enforcement agency.

(7) A milestone inspection consists of two phases:

(b) A phase two of the milestone inspection must be performed if any substantial structural deterioration is identified during phase one. A phase two inspection may involve destructive or nondestructive testing at the inspector's direction. The inspection may be as extensive or as limited as necessary to fully assess areas of structural distress in order to confirm that the building is structurally sound and safe for its intended use and to recommend a program for fully assessing and repairing distressed and damaged portions of the building. When determining testing locations, the inspector must give preference to locations that are the least disruptive and most easily repairable while still being representative of the structure. If a phase two inspection is required, within 180 days after submitting a phase

one inspection report the architect or engineer performing the phase two inspection must submit a phase two progress report to the local enforcement agency with a timeline for completion of the phase two inspection. An inspector who completes a phase two milestone inspection shall prepare and submit an inspection report pursuant to subsection (8).

(8) Upon completion of a phase one or phase two milestone inspection, the architect or engineer who performed the inspection must submit a sealed copy of the inspection report with a separate summary of, at minimum, the material findings and recommendations in the inspection report to the condominium association or cooperative association, to any other owner of any portion of the building which is not subject to the condominium or cooperative form of ownership, and to the building official of the local government which has jurisdiction. The inspection report must, at a minimum, meet all of the following criteria:

(a) Bear the seal and signature, or the electronic signature, of the licensed engineer or architect who performed the inspection.

(b) Indicate the manner and type of inspection forming the basis for the inspection report.

(c) Identify any substantial structural deterioration, within a reasonable professional probability based on the scope of the inspection, describe the extent of such deterioration, and identify any recommended repairs for such deterioration.

(d) State whether unsafe or dangerous conditions, as those terms are defined in the Florida Building Code, were observed.

(e) Recommend any remedial or preventive repair for any items that are damaged but are not substantial structural deterioration.

(f) Identify and describe any items requiring further inspection.

(9) Within 45 days after receiving the applicable inspection report, the condominium or cooperative association must distribute a copy of the inspector-prepared summary of the inspection report to each condominium unit owner or cooperative unit owner, regardless of the findings or recommendations in the report, by United States mail or personal delivery at the mailing address, property address, or any other address of the owner provided to fulfill the association's notice requirements under chapter 718 or chapter 719, as applicable, and by electronic transmission to the e-mail address or facsimile number provided to fulfill the association's notice requirements to unit owners who previously consented to receive notice by electronic transmission; must post a copy of the inspector-prepared summary in a conspicuous place on the condominium or cooperative property; and must publish the full report and inspector-prepared summary on the association's website, if the association is required to have a website.

(11) A board of county commissioners or municipal governing body may adopt an ordinance requiring that a condominium or cooperative association and any other owner that is subject to this section schedule or commence repairs for substantial structural deterioration within a specified timeframe after the local enforcement agency receives a phase two inspection report; however, such repairs must be commenced within 365 days after receiving such report. If an owner of the building ~~association~~ fails to submit proof to the local enforcement agency that repairs have been scheduled or have commenced for substantial structural deterioration identified in a phase two inspection report within the required timeframe, the local enforcement agency must review and determine if the building is unsafe for human occupancy.

(12) By December 31, 2024, the Florida Building Commission shall adopt rules pursuant to ss. 120.536(1) and 120.54 to establish a building safety program for the implementation of this section within the Florida Building Code: Existing Building. The building inspection program must, at minimum, include inspection criteria, testing protocols, standardized inspection and reporting forms that are adaptable to an electronic format, and record maintenance requirements for the local authority review the milestone inspection requirements under this section and make recommendations, if any, to the Legislature to ensure inspections are sufficient to determine the structural integrity of a building. The commission must provide a written report of any recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives by December 31, 2022.

Section 3. Paragraph (aa) of subsection (6) of section 627.351, Florida Statutes, is amended to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(aa) Except as otherwise provided in this paragraph, the corporation shall require the securing and maintaining of flood insurance as a condition of coverage of a personal lines residential risk. The insured or applicant must execute a form approved by the office affirming that flood insurance is not provided by the corporation and that if flood insurance is not secured by the applicant or insured from an insurer other than the corporation and in addition to coverage by the corporation, the risk will not be eligible for coverage by the corporation. The corporation may deny coverage of a personal lines residential risk to an applicant or insured who refuses to secure and maintain flood insurance. The requirement to purchase flood insurance shall be implemented as follows:

1. Except as provided in subparagraphs 2. and 3., all personal lines residential policyholders must have flood coverage in place for policies effective on or after:

a. January 1, 2024, for property valued at \$600,000 or more.

- b. January 1, 2025, for property valued at \$500,000 or more.
- c. January 1, 2026, for property valued at \$400,000 or more.
- d. January 1, 2027, for all other personal lines residential property insured by the corporation.

2. All personal lines residential policyholders whose property insured by the corporation is located within the special flood hazard area defined by the Federal Emergency Management Agency must have flood coverage in place:

- a. At the time of initial policy issuance for all new personal lines residential policies issued by the corporation on or after April 1, 2023.
- b. By the time of the policy renewal for all personal lines residential policies renewing on or after July 1, 2023.

3. Policyholders ~~whose policies issued by the corporation do not provide coverage for the peril of wind~~ are not required to purchase flood insurance as a condition for maintaining the following their policies issued by with the corporation:

- a. Policies that do not provide coverage for the peril of wind.
- b. Policies that provide coverage under a condominium unit owners form.

The flood insurance required under this paragraph must meet, at a minimum, the coverage available from the National Flood Insurance Program or the requirements of subparagraphs s. 627.715(1)(a)1., 2., and 3.

Section 4. Present subsections (1) through (31) of section 718.103, Florida Statutes, are redesignated as subsections (2) through (32), respectively, a new subsection (1) is added to that section, and present subsection (25) of that section is amended, to read:

718.103 Definitions.—As used in this chapter, the term:

(1) “Alternative funding method” means a method approved by the division for funding the capital expenditures and deferred maintenance obligations for a multicondominium association operating at least 25 condominiums which may reasonably be expected to fully satisfy the association’s reserve funding obligations by the allocation of funds in the annual operating budget.

~~(26)(25) “Structural integrity reserve study” means a study of the reserve funds required for future major repairs and replacement of the condominium property performed as required under s. 718.112(2)(g) common areas based on a visual inspection of the common areas. A structural integrity reserve study may be performed by any person qualified to perform such study. However, the visual inspection portion of the structural integrity reserve study must be performed by an engineer~~

~~licensed under chapter 471 or an architect licensed under chapter 481. At a minimum, a structural integrity reserve study must identify the common areas being visually inspected, state the estimated remaining useful life and the estimated replacement cost or deferred maintenance expense of the common areas being visually inspected, and provide a recommended annual reserve amount that achieves the estimated replacement cost or deferred maintenance expense of each common area being visually inspected by the end of the estimated remaining useful life of each common area.~~

Section 5. Paragraph (c) of subsection (12) of section 718.111, Florida Statutes, is amended to read:

718.111 The association.—

(12) OFFICIAL RECORDS.—

(c)1. The official records of the association are open to inspection by any association member and any person authorized by an association member as a or the authorized representative of such member at all reasonable times. The right to inspect the records includes the right to make or obtain copies, at the reasonable expense, if any, of the member and of the person authorized by the association member as a or authorized representative of such member. A renter of a unit has a right to inspect and copy only the declaration of condominium, the association's bylaws and rules, and the inspection reports described in ss. 553.899 and 718.301(4)(p). The association may adopt reasonable rules regarding the frequency, time, location, notice, and manner of record inspections and copying but may not require a member to demonstrate any purpose or state any reason for the inspection. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A unit owner who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. Minimum damages are \$50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records.

2. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d).

3. The association shall maintain an adequate number of copies of the declaration, articles of incorporation, bylaws, and rules, and all amendments to each of the foregoing, as well as the question and answer sheet as

described in s. 718.504 and year-end financial information required under this section, on the condominium property to ensure their availability to unit owners and prospective purchasers, and may charge its actual costs for preparing and furnishing these documents to those requesting the documents. An association shall allow a member or his or her authorized representative to use a portable device, including a smartphone, tablet, portable scanner, or any other technology capable of scanning or taking photographs, to make an electronic copy of the official records in lieu of the association's providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records are not accessible to unit owners:

a. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including a record prepared by an association attorney or prepared at the attorney's express direction, which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

b. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a unit.

c. Personnel records of association or management company employees, including, but not limited to, disciplinary, payroll, health, and insurance records. For purposes of this sub-subparagraph, the term "personnel records" does not include written employment agreements with an association employee or management company, or budgetary or financial records that indicate the compensation paid to an association employee.

d. Medical records of unit owners.

e. Social security numbers, driver license numbers, credit card numbers, e-mail addresses, telephone numbers, facsimile numbers, emergency contact information, addresses of a unit owner other than as provided to fulfill the association's notice requirements, and other personal identifying information of any person, excluding the person's name, unit designation, mailing address, property address, and any address, e-mail address, or facsimile number provided to the association to fulfill the association's notice requirements. Notwithstanding the restrictions in this sub-subparagraph, an association may print and distribute to unit owners a directory containing the name, unit address, and all telephone numbers of each unit owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this sub-subparagraph. The association is not liable for the inadvertent disclosure of information that is protected under this sub-subparagraph if

the information is included in an official record of the association and is voluntarily provided by an owner and not requested by the association.

f. Electronic security measures that are used by the association to safeguard data, including passwords.

g. The software and operating system used by the association which allow the manipulation of data, even if the owner owns a copy of the same software used by the association. The data is part of the official records of the association.

h. All affirmative acknowledgments made pursuant to s. 718.121(4)(c).

Section 6. Paragraphs (e), (f), (g), and (h) of subsection (2) of section 718.112, Florida Statutes, are amended to read:

718.112 Bylaws.—

(2) REQUIRED PROVISIONS.—The bylaws shall provide for the following and, if they do not do so, shall be deemed to include the following:

(e) *Budget meeting*.—

1. Any meeting at which a proposed annual budget of an association will be considered by the board or unit owners shall be open to all unit owners. At least 14 days prior to such a meeting, the board shall hand deliver to each unit owner, mail to each unit owner at the address last furnished to the association by the unit owner, or electronically transmit to the location furnished by the unit owner for that purpose a notice of such meeting and a copy of the proposed annual budget. An officer or manager of the association, or other person providing notice of such meeting, shall execute an affidavit evidencing compliance with such notice requirement, and such affidavit shall be filed among the official records of the association.

2.a. If a board adopts in any fiscal year an annual budget which requires assessments against unit owners which exceed 115 percent of assessments for the preceding fiscal year, the board shall conduct a special meeting of the unit owners to consider a substitute budget if the board receives, within 21 days after adoption of the annual budget, a written request for a special meeting from at least 10 percent of all voting interests. The special meeting shall be conducted within 60 days after adoption of the annual budget. At least 14 days prior to such special meeting, the board shall hand deliver to each unit owner, or mail to each unit owner at the address last furnished to the association, a notice of the meeting. An officer or manager of the association, or other person providing notice of such meeting shall execute an affidavit evidencing compliance with this notice requirement, and such affidavit shall be filed among the official records of the association. Unit owners may consider and adopt a substitute budget at the special meeting. A substitute budget is adopted if approved by a majority of all voting interests unless the bylaws require adoption by a greater percentage of voting interests. If there is not a quorum at the special meeting or a substitute

budget is not adopted, the annual budget previously adopted by the board shall take effect as scheduled.

b. Any determination of whether assessments exceed 115 percent of assessments for the prior fiscal year shall exclude any authorized provision for reasonable reserves for repair or replacement of the condominium property, anticipated expenses of the association which the board does not expect to be incurred on a regular or annual basis, insurance premiums, or assessments for betterments to the condominium property.

c. If the developer controls the board, assessments shall not exceed 115 percent of assessments for the prior fiscal year unless approved by a majority of all voting interests.

(f) *Annual budget.*—

1. The proposed annual budget of estimated revenues and expenses must be detailed and must show the amounts budgeted by accounts and expense classifications, including, at a minimum, any applicable expenses listed in s. 718.504(21). The board shall adopt the annual budget at least 14 days before the start of the association's fiscal year. In the event that the board fails to timely adopt the annual budget a second time, it is deemed a minor violation and the prior year's budget shall continue in effect until a new budget is adopted. A multicondominium association must adopt a separate budget of common expenses for each condominium the association operates and must adopt a separate budget of common expenses for the association. In addition, if the association maintains limited common elements with the cost to be shared only by those entitled to use the limited common elements as provided for in s. 718.113(1), the budget or a schedule attached to it must show the amount budgeted for this maintenance. If, after turnover of control of the association to the unit owners, any of the expenses listed in s. 718.504(21) are not applicable, they do not need to be listed.

2.a. In addition to annual operating expenses, the budget must include reserve accounts for capital expenditures and deferred maintenance. These accounts must include, but are not limited to, roof replacement, building painting, and pavement resurfacing, regardless of the amount of deferred maintenance expense or replacement cost, and any other item that has a deferred maintenance expense or replacement cost that exceeds \$10,000. ~~The amount to be reserved for an item is determined by the association's most recent structural integrity reserve study that must be completed by December 31, 2024. If the amount to be reserved for an item is not in the association's initial or most recent structural integrity reserve study or the association has not completed a structural integrity reserve study, the amount must be computed using a formula based upon estimated remaining useful life and estimated replacement cost or deferred maintenance expense of the reserve item. In a budget adopted by an association that is required to obtain a structural integrity reserve study, reserves must be maintained for the items identified in paragraph (g) for which the association is responsible pursuant to the declaration of condominium, and the reserve amount for~~

such items must be based on the findings and recommendations of the association's most recent structural integrity reserve study. With respect to items for which an estimate of useful life is not readily ascertainable or with an estimated remaining useful life of greater than 25 years, an association is not required to reserve replacement costs for such items, but an association must reserve the amount of deferred maintenance expense, if any, which is recommended by the structural integrity reserve study for such items. The association may adjust replacement reserve assessments annually to take into account an inflation adjustment and any changes in estimates or extension of the useful life of a reserve item caused by deferred maintenance. The members of a unit-owner-controlled association may determine, by a majority vote of the total voting interests at a duly called meeting of the association, to provide no reserves or less reserves than required by this subsection. For a budget adopted on or after Effective December 31, 2024, the members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not determine to provide no reserves or less reserves than required by this subsection for items listed in paragraph (g), except that members of an association operating a multi-condominium may determine to provide no reserves or less reserves than required by this subsection if an alternative funding method has been approved by the division.

b. Before turnover of control of an association by a developer to unit owners other than a developer under s. 718.301, the developer-controlled association may not vote to waive the reserves or reduce funding of the reserves. If a meeting of the unit owners has been called to determine whether to waive or reduce the funding of reserves and no such result is achieved or a quorum is not attained, the reserves included in the budget shall go into effect. After the turnover, the developer may vote its voting interest to waive or reduce the funding of reserves.

3. Reserve funds and any interest accruing thereon shall remain in the reserve account or accounts, and may be used only for authorized reserve expenditures unless their use for other purposes is approved in advance by a majority vote of all the total voting interests at a duly called meeting of the association. Before turnover of control of an association by a developer to unit owners other than the developer pursuant to s. 718.301, the developer-controlled association may not vote to use reserves for purposes other than those for which they were intended. For a budget adopted on or after Effective December 31, 2024, members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not vote to use reserve funds, or any interest accruing thereon, that are reserved for items listed in paragraph (g) for any other purpose other than the replacement or deferred maintenance costs of the components listed in paragraph (g) their intended purpose.

4. The only voting interests that are eligible to vote on questions that involve waiving or reducing the funding of reserves, or using existing reserve funds for purposes other than purposes for which the reserves were intended, are the voting interests of the units subject to assessment to

fund the reserves in question. Proxy questions relating to waiving or reducing the funding of reserves or using existing reserve funds for purposes other than purposes for which the reserves were intended must contain the following statement in capitalized, bold letters in a font size larger than any other used on the face of the proxy ballot: **WAIVING OF RESERVES, IN WHOLE OR IN PART, OR ALLOWING ALTERNATIVE USES OF EXISTING RESERVES MAY RESULT IN UNIT OWNER LIABILITY FOR PAYMENT OF UNANTICIPATED SPECIAL ASSESSMENTS REGARDING THOSE ITEMS.**

(g) *Structural integrity reserve study.*—

1. A residential condominium An association must have a structural integrity reserve study completed at least every 10 years after the condominium's creation for each building on the condominium property that is three stories or higher in height as determined by the Florida Building Code which includes, at a minimum, a study of the following items as related to the structural integrity and safety of the building:

a. Roof.

b. Structure, including load-bearing walls and or other primary structural members and primary structural systems as those terms are defined in s. 627.706.

Any other item that has a deferred maintenance expense or replacement cost that exceeds \$10,000 and the failure to replace or maintain such item negatively affects the items listed in sub-subparagraphs a.-g. sub-subparagraphs a.-i., as determined by the licensed engineer or architect performing the visual inspection portion of the structural integrity reserve study.

2. A structural integrity reserve study is based on a visual inspection of the condominium property. A structural integrity reserve study may be performed by any person qualified to perform such study. However, the visual inspection portion of the structural integrity reserve study must be performed or verified by an engineer licensed under chapter 471, an

architect licensed under chapter 481, or a person certified as a reserve specialist or professional reserve analyst by the Community Associations Institute or the Association of Professional Reserve Analysts.

3. At a minimum, a structural integrity reserve study must identify each item of the condominium property being visually inspected, state the estimated remaining useful life and the estimated replacement cost or deferred maintenance expense of each item of the condominium property being visually inspected, and provide a reserve funding schedule with a recommended annual reserve amount that achieves the estimated replacement cost or deferred maintenance expense of each item of condominium property being visually inspected by the end of the estimated remaining useful life of the item. The structural integrity reserve study may recommend that reserves do not need to be maintained for any item for which an estimate of useful life and an estimate of replacement cost cannot be determined, or the study may recommend a deferred maintenance expense amount for such item. The structural integrity reserve study may recommend that reserves for replacement costs do not need to be maintained for any item with an estimated remaining useful life of greater than 25 years, but the study may recommend a deferred maintenance expense amount for such item.

4. This paragraph does not apply to buildings less than three stories in height; single-family, two-family, or three-family dwellings with three or fewer habitable stories above ground; any portion or component of a building that has not been submitted to the condominium form of ownership; or any portion or component of a building that is maintained by a party other than the association.

5. Before a developer turns over control of an association to unit owners other than the developer, the developer must have a turnover inspection report in compliance with s. 718.301(4)(p) and (q) structural integrity reserve study completed for each building on the condominium property that is three stories or higher in height.

~~6.3.~~ Associations existing on or before July 1, 2022, which are controlled by unit owners other than the developer, must have a structural integrity reserve study completed by December 31, 2024, for each building on the condominium property that is three stories or higher in height. An association that is required to complete a milestone inspection in accordance with s. 553.899 on or before December 31, 2026, may complete the structural integrity reserve study simultaneously with the milestone inspection. In no event may the structural integrity reserve study be completed after December 31, 2026.

7. If the milestone inspection required by s. 553.899, or an inspection completed for a similar local requirement, was performed within the past 5 years and meets the requirements of this paragraph, such inspection may be used in place of the visual inspection portion of the structural integrity reserve study.

8.4. If the officers or directors of an association willfully and knowingly fail fails to complete a structural integrity reserve study pursuant to this paragraph, such failure is a breach of an officer's and director's fiduciary relationship to the unit owners under s. 718.111(1).

(h) *Mandatory milestone inspections.*—If an association is required to have a milestone inspection performed pursuant to s. 553.899, the association must arrange for the milestone inspection to be performed and is responsible for ensuring compliance with the requirements of s. 553.899. If the officers or directors of an association willfully and knowingly fail to have a milestone inspection performed pursuant to s. 553.899, such failure is a breach of the officers' and directors' fiduciary relationship to the unit owners under s. 718.111(1)(a). Within 14 days after receipt of a written notice from the local enforcement agency that a milestone inspection is required, the association must notify the unit owners of the required milestone inspection and provide the date by which the milestone inspection must be completed. Such notice may be given by electronic submission to unit owners who consent to receive notice by electronic submission or by posting on the association's website. Within 45 days after receiving ~~Upon completion of a phase one or phase two milestone inspection and receipt of the inspector-prepared summary of the inspection report from the architect or engineer who performed the inspection, the association must distribute a copy of the inspector-prepared summary of the inspection report to each unit owner, regardless of the findings or recommendations in the report, by United States mail or personal delivery at the mailing address, property address, or any other address of the owner provided to fulfill the association's notice requirements under this chapter and by electronic transmission to the e-mail address or facsimile number provided to fulfill the association's notice requirements to unit owners who previously consented to receive notice by electronic transmission; must post a copy of the inspector-prepared summary in a conspicuous place on the condominium property; and must publish the full report and inspector-prepared summary on the association's website, if the association is required to have a website.~~

A structural integrity reserve study may be performed by any person qualified to perform such study. However, the visual inspection portion of the structural integrity reserve

At a minimum, a structural integrity reserve study must identify the common areas being visually inspected, state the estimated remaining useful life and the estimated replacement cost or deferred maintenance expense of the common areas being visually inspected, and provide a recommended annual reserve amount that achieves the estimated replacement cost or deferred maintenance expense of each common area being visually inspected by the end of the estimated remaining useful life of each common area.~~

Section 13. Present subsections (5) through (11) of section 719.104, Florida Statutes, are redesignated as subsections (6) through (12), respectively, a new subsection (5) is added to that section, and paragraph (c) of subsection (2) of that section is amended, to read:

(2) OFFICIAL RECORDS.—

(c) ~~The official records of the association are open to inspection by any association member and any person authorized by an association member as a or the authorized representative of such member at all reasonable times. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A member who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. The minimum damages are \$50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty under s. 719.501(1)(d). The association shall maintain an adequate number of copies of the declaration, articles of incorporation, bylaws, and rules, and all

amendments to each of the foregoing, as well as the question and answer sheet as described in s. 719.504 and year-end financial information required by the department, on the cooperative property to ensure their availability to members and prospective purchasers, and may charge its actual costs for preparing and furnishing these documents to those requesting the same. An association shall allow a member or his or her authorized representative to use a portable device, including a smartphone, tablet, portable scanner, or any other technology capable of scanning or taking photographs, to make an electronic copy of the official records in lieu of the association providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records shall not be accessible to members:

1. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including any record prepared by an association attorney or prepared at the attorney's express direction which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

2. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a unit.

3. Personnel records of association or management company employees, including, but not limited to, disciplinary, payroll, health, and insurance records. For purposes of this subparagraph, the term "personnel records" does not include written employment agreements with an association employee or management company, or budgetary or financial records that indicate the compensation paid to an association employee.

4. Medical records of unit owners.

5. Social security numbers, driver license numbers, credit card numbers, e-mail addresses, telephone numbers, facsimile numbers, emergency contact information, addresses of a unit owner other than as provided to fulfill the association's notice requirements, and other personal identifying information of any person, excluding the person's name, unit designation, mailing address, property address, and any address, e-mail address, or facsimile number provided to the association to fulfill the association's notice requirements. Notwithstanding the restrictions in this subparagraph, an association may print and distribute to unit owners a directory containing the name, unit address, and all telephone numbers of each unit owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this subparagraph. The association is not liable for the inadvertent disclosure of information that is protected under this subparagraph if the

information is included in an official record of the association and is voluntarily provided by an owner and not requested by the association.

6. Electronic security measures that are used by the association to safeguard data, including passwords.

7. The software and operating system used by the association which allow the manipulation of data, even if the owner owns a copy of the same software used by the association. The data is part of the official records of the association.

8. All affirmative acknowledgments made pursuant to s. 719.108(3)(b)3.

(5) MAINTENANCE.—Maintenance of the common elements is the responsibility of the association, except for any maintenance responsibility for limited common elements assigned to the unit owner by the declaration. The association shall provide for the maintenance, repair, and replacement of the cooperative property for which it bears responsibility pursuant to the declaration of cooperative. After turnover of control of the association to the unit owners, the association must perform any required maintenance identified by the developer pursuant to s. 719.301(4)(p) and (q) until the association obtains new maintenance protocols from a licensed professional engineer or architect or a person certified as a reserve specialist or professional reserve analyst by the Community Associations Institute or the Association of Professional Reserve Analysts. The declaration may provide that certain limited common elements shall be maintained by those entitled to use the limited common elements or that the association shall provide the maintenance, either as a common expense or with the cost shared only by those entitled to use the limited common elements. If the maintenance is to be by the association at the expense of only those entitled to use the limited common elements, the declaration shall describe in detail the method of apportioning such costs among those entitled to use the limited common elements, and the association may use the provisions of s. 719.108 to enforce payment of the shares of such costs by the unit owners entitled to use the limited common elements.

Section 14. Paragraphs (e), (j), (k), and (l) of subsection (1) of section 719.106, Florida Statutes, are amended to read:

719.106 Bylaws; cooperative ownership.—

(1) MANDATORY PROVISIONS.—The bylaws or other cooperative documents shall provide for the following, and if they do not, they shall be deemed to include the following:

(e) *Budget procedures.*—

1. The board of administration shall mail, hand deliver, or electronically transmit to each unit owner at the address last furnished to the association, a meeting notice and copies of the proposed annual budget of common expenses to the unit owners not less than 14 days prior to the meeting at

which the budget will be considered. Evidence of compliance with this 14-day notice must be made by an affidavit executed by an officer of the association or the manager or other person providing notice of the meeting and filed among the official records of the association. The meeting must be open to the unit owners.

2. If an adopted budget requires assessment against the unit owners in any fiscal or calendar year which exceeds 115 percent of the assessments for the preceding year, the board upon written application of 10 percent of the voting interests to the board, shall call a special meeting of the unit owners within 30 days, upon not less than 10 days' written notice to each unit owner. At the special meeting, unit owners shall consider and enact a budget. Unless the bylaws require a larger vote, the adoption of the budget requires a vote of not less than a majority of all the voting interests.

3. The board of administration may, in any event, propose a budget to the unit owners at a meeting of members or by writing, and if the budget or proposed budget is approved by the unit owners at the meeting or by a majority of all voting interests in writing, the budget is adopted. If a meeting of the unit owners has been called and a quorum is not attained or a substitute budget is not adopted by the unit owners, the budget adopted by the board of directors goes into effect as scheduled.

4. In determining whether assessments exceed 115 percent of similar assessments for prior years, any authorized provisions for reasonable reserves for repair or replacement of cooperative property, anticipated expenses by the association which are not anticipated to be incurred on a regular or annual basis, insurance premiums, or assessments for betterments to the cooperative property must be excluded from computation. However, as long as the developer is in control of the board of administration, the board may not impose an assessment for any year greater than 115 percent of the prior fiscal or calendar year's assessment without approval of a majority of all voting interests.

(j) *Annual budget.*—

1. The proposed annual budget of common expenses must be detailed and must show the amounts budgeted by accounts and expense classifications, including, if applicable, but not limited to, those expenses listed in s. 719.504(20). The board of administration shall adopt the annual budget at least 14 days before the start of the association's fiscal year. In the event that the board fails to timely adopt the annual budget a second time, it is deemed a minor violation and the prior year's budget shall continue in effect until a new budget is adopted.

2. In addition to annual operating expenses, the budget must include reserve accounts for capital expenditures and deferred maintenance. These accounts must include, but not be limited to, roof replacement, building painting, and pavement resurfacing, regardless of the amount of deferred maintenance expense or replacement cost, and for any other items for which

the deferred maintenance expense or replacement cost exceeds \$10,000. The amount to be reserved for an item is determined by the association's most recent structural integrity reserve study that must be completed by December 31, 2024. If the amount to be reserved for an item is not in the association's initial or most recent structural integrity reserve study or the association has not completed a structural integrity reserve study, the amount must be computed by means of a formula which is based upon estimated remaining useful life and estimated replacement cost or deferred maintenance expense of the reserve item. In a budget adopted by an association that is required to obtain a structural integrity reserve study, reserves must be maintained for the items identified in paragraph (k) for which the association is responsible pursuant to the declaration, and the reserve amount for such items must be based on the findings and recommendations of the association's most recent structural integrity reserve study. With respect to items for which an estimate of useful life is not readily ascertainable or with an estimated remaining useful life of greater than 25 years, an association is not required to reserve replacement costs for such items, but an association must reserve the amount of deferred maintenance expense, if any, which is recommended by the structural integrity reserve study for such items. The association may adjust replacement reserve assessments annually to take into account an inflation adjustment and any changes in estimates or extension of the useful life of a reserve item caused by deferred maintenance. The members of a unit-owner-controlled association may determine, by a majority vote of the total voting interests at a duly called meeting of the association, for a fiscal year to provide no reserves or reserves less adequate than required by this subsection. Before turnover of control of an association by a developer to unit owners other than a developer under s. 719.301, the developer-controlled association may not vote to waive the reserves or reduce funding of the reserves. For a budget adopted on or after Effective December 31, 2024, a unit-owner-controlled association that must obtain a structural integrity reserve study may not determine to provide no reserves or reserves less adequate than required by this paragraph for items listed in paragraph (k). If a meeting of the unit owners has been called to determine to provide no reserves, or reserves less adequate than required, and such result is not attained or a quorum is not attained, the reserves as included in the budget shall go into effect.

3. Reserve funds and any interest accruing thereon shall remain in the reserve account or accounts, and shall be used only for authorized reserve expenditures unless their use for other purposes is approved in advance by a vote of the majority of the total voting interests, voting in person or by limited proxy at a duly called meeting of the association. Before turnover of control of an association by a developer to unit owners other than the developer under s. 719.301, the developer may not vote to use reserves for purposes other than that for which they were intended. For a budget adopted on or after Effective December 31, 2024, members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not vote to use reserve funds, or any interest accruing thereon, that are reserved

~~for items listed in paragraph (k) for purposes other than the replacement or deferred maintenance costs of the components listed in paragraph (k) their intended purpose.~~

(k) *Structural integrity reserve study.*—

1. A residential cooperative ~~An~~ association must have a structural integrity reserve study completed at least every 10 years for each building on the cooperative property that is three stories or higher in height as determined by the Florida Building Code that includes, at a minimum, a study of the following items as related to the structural integrity and safety of the building:

a. ~~Roof.~~

b. Structure, including load-bearing walls and ~~or~~ other primary structural members and primary structural systems as those terms are defined in s. 627.706.

c. ~~Floor.~~

d. ~~Foundation.~~

e. Fireproofing and fire protection systems.

d.f. Plumbing.

e.g. Electrical systems.

f.h. Waterproofing and exterior painting.

g.i. Windows and exterior doors.

h.j. Any other item that has a deferred maintenance expense or replacement cost that exceeds \$10,000 and the failure to replace or maintain such item negatively affects the items listed in sub-subparagraphs a.-g. ~~sub-subparagraphs a.-i., as determined by the licensed engineer or architect performing the visual inspection portion of the structural integrity reserve study.~~

2. A structural integrity reserve study is based on a visual inspection of the cooperative property. A structural integrity reserve study may be performed by any person qualified to perform such study. However, the visual inspection portion of the structural integrity reserve study must be performed or verified by an engineer licensed under chapter 471, an architect licensed under chapter 481, or a person certified as a reserve specialist or professional reserve analyst by the Community Associations Institute or the Association of Professional Reserve Analysts.

3. At a minimum, a structural integrity reserve study must identify each item of the cooperative property being visually inspected, state the estimated remaining useful life and the estimated replacement cost or

deferred maintenance expense of each item of the cooperative property being visually inspected, and provide a reserve funding schedule with a recommended annual reserve amount that achieves the estimated replacement cost or deferred maintenance expense of each item of cooperative property being visually inspected by the end of the estimated remaining useful life of the item. The structural integrity reserve study may recommend that reserves do not need to be maintained for any item for which an estimate of useful life and an estimate of replacement cost cannot be determined, or the study may recommend a deferred maintenance expense amount for such item. The structural integrity reserve study may recommend that reserves for replacement costs do not need to be maintained for any item with an estimated remaining useful life of greater than 25 years, but the study may recommend a deferred maintenance expense amount for such item.

4. This paragraph does not apply to buildings less than three stories in height; single-family, two-family, or three-family dwellings with three or fewer habitable stories above ground; any portion or component of a building that has not been submitted to the cooperative form of ownership; or any portion or component of a building that is maintained by a party other than the association.

5. Before a developer turns over control of an association to unit owners other than the developer, the developer must have a turnover inspection report in compliance with s. 719.301(4)(p) and (q) structural integrity reserve study completed for each building on the cooperative property that is three stories or higher in height.

6.3. Associations existing on or before July 1, 2022, which are controlled by unit owners other than the developer, must have a structural integrity reserve study completed by December 31, 2024, for each building on the cooperative property that is three stories or higher in height. An association that is required to complete a milestone inspection on or before December 31, 2026, in accordance with s. 553.899 may complete the structural integrity reserve study simultaneously with the milestone inspection. In no event may the structural integrity reserve study be completed after December 31, 2026.

7. If the milestone inspection required by s. 553.899, or an inspection completed for a similar local requirement, was performed within the past 5 years and meets the requirements of this paragraph, such inspection may be used in place of the visual inspection portion of the structural integrity reserve study.

8.4. If the officers or directors of an association willfully and knowingly fail fails to complete a structural integrity reserve study pursuant to this paragraph, such failure is a breach of an officer's and director's fiduciary relationship to the unit owners under s. 719.104(9) s. 719.104(8).

*(1) Mandatory milestone inspections.*—If an association is required to have a milestone inspection performed pursuant to s. 553.899, the association must arrange for the milestone inspection to be performed and is

responsible for ensuring compliance with the requirements of s. 553.899. The association is responsible for all costs associated with the milestone inspection attributable to the portions of the building which the association is responsible for maintaining under the governing documents of the association. If the officers or directors of an association willfully and knowingly fail to have a milestone inspection performed pursuant to s. 553.899, such failure is a breach of the officers' and directors' fiduciary relationship to the unit owners under s. 719.104(9)(a) s. 719.104(8)(a). Within 14 days after receipt of a written notice from the local enforcement agency that a milestone inspection is required, the association must notify the unit owners of the required milestone inspection and provide the date by which the milestone inspection must be completed. Such notice may be given by electronic submission to unit owners who consent to receive notice by electronic submission or by posting on the association's website. Within 45 days after receiving ~~Upon completion of a phase one or phase two milestone inspection and receipt of the inspector-prepared summary of the inspection~~ report from the architect or engineer who performed the inspection, the association must distribute a copy of the inspector-prepared summary of the inspection report to each unit owner, regardless of the findings or recommendations in the report, by United States mail or personal delivery at the mailing address, property address, or any other address of the owner provided to fulfill the association's notice requirements under this chapter and by electronic transmission to the e-mail address or facsimile number provided to fulfill the association's notice requirements to unit owners who previously consented to receive notice by electronic transmission; must post a copy of the inspector-prepared summary in a conspicuous place on the cooperative property; and must publish the full report and inspector-prepared summary on the association's website, if the association is required to have a website.

Section 15. Present paragraph (q) of subsection (4) of section 719.301, Florida Statutes, is redesignated as paragraph (r), a new paragraph (q) is added to that subsection, and paragraph (p) of that subsection is amended, to read:

719.301 Transfer of association control.—

(4) When unit owners other than the developer elect a majority of the members of the board of administration of an association, the developer shall relinquish control of the association, and the unit owners shall accept control. Simultaneously, or for the purpose of paragraph (c) not more than 90 days thereafter, the developer shall deliver to the association, at the developer's expense, all property of the unit owners and of the association held or controlled by the developer, including, but not limited to, the following items, if applicable, as to each cooperative operated by the association:
