Development History

- The shopping center (~217,792 sq. ft. building) was constructed approximately 1971.
- A site plan application was submitted in 2000 dividing the building into 3 different spaces (post office, church and future retail store).

III. PLANNING ANALYSIS

As stipulated in the Land Development Regulations, Article IV, Section 4.6, Standards for Approval, The Planning and Development Division has reviewed the proposed request pursuant to the following special exception considerations:

1. The effect of such use on surrounding properties.
2. The suitability of the use in regard to its location, site characteristics, and intended purpose.
3. Access, traffic generation and road capacities.
4. Economic benefits or liabilities.
5. Demands on utilities, community facilities, and public services.
6. Compliance with the Comprehensive Land Use Plans for Broward County and/or the City of Lauderhill.
7. Factors relating to safety, health, and general public welfare.

Based upon its review, staff finds the proposed use to be generally consistent with the above considerations. As such, staff recommends approval of the special exception request.

LDR Article III, Sections 2.3 and 2.4., and Schedule B. respectively address permitted and special exception uses. The LDR classifies a Manufacturer of Baked Goods Store, which is allowed in the General Commercial (CG) zoning district as a special exception use.

1. **The effect of such use on surrounding properties:** The subject property is designated as commercial on the city's Land Use Plan, and the properties north, east and west are also designated commercial; the properties to the south and southeast are residential (medium (16) residential or high (50) residential). The property is zoned General Commercial (CG) on the City of Lauderhill Zoning Map and located along West Oakland Park Blvd. The Applicant is proposing

to manufacturer baked goods approximately 40 hours per week, Monday – Friday, 8:00am to 4:30pm. The business would not cause any adverse effects on the neighborhood, instead it would allow for more local employment and support other businesses in the surrounding area when employees use their services. There would not be any competition among businesses in the surrounding area due to its unique proposed service. As such, Staff concludes that this is an appropriate location for the proposed use as it pertains to the use's effect on the surrounding properties.

2. **The suitability of the use in regards to its location, site characteristics, and intended purpose and access:** Simply Delicious Bakers, Inc., (manufacturer of baked goods) is located at the SW Corner of W. Oakland Park Blvd and NW 56 Avenue. The existing building has three other businesses; church, gym and pre-school. The bakery is located on the Southern portion of the building and is approximately 20,000 square feet. The location is suitable for this use as it satisfies current needs and allow for future expansion. The current loading dock allows easy access for supply deliveries and pickups. Staff finds that the use is suitable in regard to location, characteristics and purpose.
3. **Access, traffic generation and road capacities:** Staff finds that there is existing access along NW 56 Avenue and W. Oakland Park Blvd. The proposed use will not increase traffic as majority of its existing employees use public transportation to commute to work daily. As such, Staff concludes conforms to this, criteria as the intensity of the use will remain the same in regards to access, traffic generation and road capacities.
4. **Economic benefits or liabilities:** The direct benefits would be new job creation and employees supporting neighboring businesses within the City of Lauderdale. The applicant advised that Simply Delicious Bakers, Inc., will have up to 35 employees on staff with salaries ranging from \$44,200/year - \$120,000/year plus bonus. An additional benefit is the collected sales tax and local business receipt tax. The indirect economic benefits could include sales taxes collected due to employee expenditures within the City. The economic liabilities would include the continued use of public services. Staff concludes that the proposed manufacturer of baked goods store provides both direct and indirect economic benefits.
5. **Demands on utilities, community facilities, and public services:** Staff finds that Simply Delicious Bakers, Inc., (manufacturer of baked goods) would align with industry standards in terms of water and utility needs. Staff concludes that the operation of the use would not generate a greater demand on utilities and community facilities.
6. **Compliance with the Comprehensive Land Use Plans for Broward County and/or the City of Lauderdale:** Staff finds that a manufacturing, compounding, processing, or storage is a commercial use. The site is designated commercial on the City's Land Use Map, and "commerce" on the Future Broward County Land Use Plan. Staff finds that the proposed use is in conformance with the City and County Comprehensive plans.

7. **Factors relating to safety, health, and general public welfare:** The facility would not use or store chemicals, fluids or other hazardous materials. There will be limited use of propane for baking ovens and no use of piped natural gas; which helps to minimize risks. Staff concludes that a manufacturer of baked goods store can adversely impact the public safety, health, and general welfare unless such adverse impacts are substantially mitigated.

No monies will be kept on site and industry standard security cameras will be placed onsite. In order to help prevent crime, the proposed manufacturing, compounding, processing, or storage Use must also comply with 24 security cameras and an alarm system connected with the Lauderhill Police Department. Staff concludes that as opposed to other commercial uses, manufacturing, compounding, processing, or storage use (manufacturer of baked goods) store is not susceptible to increased crime; through the Special Exception Use conditions the adverse impacts of such can be substantially mitigated and that this application is in conformance with LDR Article IV, Part 4.0, Section 4.6.

IV. RECOMMENDATION/ACTION

Staff recommends approval of this special exception request to allow a manufacturing, compounding, processing, or storage use within the General Commercial (CG) zoning district.

In order to ensure potential effects on the surrounding area is minimized, staff recommends the following conditions be imposed:

1. The manufacturing, compounding, processing, or storage use (manufacturer of baked goods) store is restricted to 20,000 square feet of leasable space located at 5700 W. Oakland Park Blvd., Lauderhill, Florida. Consistent with Land Development Regulations Article IV., Part 4.0., Section 4.3., the expansion, alteration, enlargement or removal to another location of this use is prohibited and shall be unlawful unless the City Commission amends this development order or grants a new development order to allow such expansion, alteration, enlargement or removal to another location. Notwithstanding the above, through the site plan modification process, the City Commission delegates to the Development Review Committee (DRC) the authority to allow the floor plan to be altered; however, the DRC is without authority to allow the expansion, enlargement, or removal of the use to another location.
2. The proposed hours of operation are: Monday through Friday 8:00am – 4:30pm.
3. If there are any code enforcement violations or liens, this Special Exception Use Development Order may be brought before the City Commission to be reconsidered, at which time the development order, or the conditions of approval, may be subject to modification, suspension and/or revocation.

4. Any violation of these conditions of approval may result in a public hearing before the City Commission and may result in the modification, suspension or revocation of this special exception use development order or its conditions or both.
5. Any special exception approval granted by the City Commission shall expire one hundred eighty (180) days after the date of approval, unless a Certificate of Use (COU) is submitted and subsequently approved within the one hundred eighty-day period.
6. If a use which has been granted a special exception shall cease to operate for a continuous period of one (1) year, the special exception approval shall expire.
7. The owner shall execute a trespass agreement for the police department to keep on file for enforcement.
8. Property Owner or Operator must provide a security plan that demonstrates how they will prevent and reduce the amount of police calls associated with trespassing or the presence of other loitering. In addition to said security plan the property owner or operator shall also provide a property maintenance plan that demonstrates how they will maintain cleanliness in compliance with the Code of Ordinances.
