Why are you interested in serving on a board? If you have not attached a resume, please describe any qualifications, skills, and abilities you possess that would directly benefit this board.

I am interested in serving on the Safe Neighborhood, Code Enforcement, and Community Budget Boards because I am deeply committed to improving the safety, accountability, and overall quality of life within our community. Through my experience in the security field, I have developed a strong understanding of public safety concerns, policy enforcement, and the importance of proactive community engagement. In my current role, I am responsible for overseeing security operations, conducting patrols, ensuring compliance with established policies, and addressing safety risks before they escalate. This experience has strengthened my ability to observe, assess situations objectively, and make sound decisions under pressure skills that directly align with the responsibilities of these boards. I also bring strong communication and leadership skills. I regularly coordinate with team members, management, and the public, ensuring that concerns are heard and addressed appropriately. I understand the importance of fairness, consistency, and transparency when enforcing rules and making decisions that impact others. Additionally, I have experience with report writing, documentation, and incident review, which would be valuable for code enforcement and budget discussions where accuracy and attention to detail are critical. I am committed to upholding community standards while also being mindful of the needs and concerns of residents. Overall, I am motivated by a genuine desire to serve, contribute to positive change, and be an active part of solutions that strengthen our neighborhoods. I believe my background in security, combined with my dedication to professionalism and community service, would allow me to be a valuable asset to these boards.
