Special Exception – Application

Site Data	
Development / Project Name:	Pediatric Dental Center of Lauderhill
Briefly describe the special exception requested (a project narrative must be submitted separately that explains in greater detail the request & address each review standard 4.6. Standards for approval):	
<p>Pediatric Dental Sedation Center located at 1879 N State Road 7 Unit A2-B, will provide specialized dental care for children who require a higher level of support during treatment whether due to severe dental anxiety, special healthcare needs, behavioral challenges, or the complexity of their procedures. These services are essential for ensuring that every child has access to safe, effective dental care, even when traditional treatment settings may not be suitable.</p> <p>By offering sedation services in a child-centered, medically equipped environment, the center addresses a critical gap in care for families in Lauderhill. This includes not only the performance of complex procedures but also a strong emphasis on emotional safety, pain management, and recovery support. The center would become a trusted resource for parents seeking compassionate solutions for children who might otherwise delay or avoid needed dental care.</p>
