### Comments

#### Davis-Bacon Wage Rates Included

This quote was prepared by Rob Dominica, President.  
For questions or to order please call - 800-432-0162 ext. 113 [robd@gametime.com](mailto:robd@gametime.com)

**Due to supply chain issues, and availability of some products. ALL orders are shipping in approximately 10-12 weeks, from date of accepted order. Some orders depending on specific items may take longer. Not until an order is in the system and processed can we give an expected ship date. In addition, labor shortages may cause installation dates to be extended. It is difficult to provide exact days for delivery and installation at time of order.**

#### All pricing in accordance with Omnia Partners / U.S. Communities Contract #2017001134.

All terms in the Omnia Partners / U.S. Communities Contract take precedence over terms shown below.  
For more information on the Omnia Partners / U.S. Communities contract please visit [Omnia Partners Public Sector GameTime](#)

**Permits are not included in cost, unless specifically listed in pricing.** If permits are required Signed/Sealed drawings are needed and are also not included unless specifically listed in pricing. Any costs for municipal permits, paid by installer, will be charged back to the owner. Adding permits to any job will increase the length of completion, expect total time to be about **150 days**, after receipt of Site Plan from owner/customer (this is not due to manufacturing but rather the permit process at the municipality level). It is expected that the **owner will provide approved site plans** of the area for the permit office, and will help and assist in the securing of all required approvals before assembly of equipment can begin. Installer cannot provide site plans. **The permit process can not begin until appropriate and current site plans are provided by owner.** If there are no current surveys or site plans available, the owner may be required to obtain a new survey for the permit. This is the responsibility of the owner to obtain. If additional permitting requirements are needed during the process, those will be added and billed accordingly, i.e. soil density test, formed footers, etc.

#### Payment Terms: Governmental Purchase Order.

#### Purchases in excess of \$1,000.00 to be supported by your written purchase order made out to GameTime.

Net 30 days subject to approval by GameTime Credit Manager. A completed Credit Application and Bank Reference Authorization, must be received with the order. The decision on credit is the sole discretion of GameTime/PlayCore. A 1.5% per month finance charge will be imposed on all past due accounts.

**Multiple Invoices:** Invoices will be generated upon services rendered. When equipment ships it will be invoiced separately from installation and/or other services. Terms are Net 30 for each individual invoice.

This Quotation is subject to policies in the current GameTime Park and Playground Catalog and the following terms and conditions. Our quotation is based on shipment of all items at one time to a single destination, unless noted, and changes are subject to price adjustment.

Pricing: Firm for 60 days from date of quotation.

Shipment: F.O.B. factory, order shall ship within 120 days after GameTime's receipt and acceptance of your purchase order, color selections, approved submittals, and receipt of payment.

Taxes: State and local taxes will be added at time of invoicing, if not already included, unless a tax exempt certificate is provided at the time of order entry.

Exclusions: Unless specifically discussed, this quotation excludes all sitework and landscaping; removal of existing equipment; acceptance of equipment and off-loading; storage of goods prior to installation; security of equipment (on site and at night); equipment assembly and installation; safety surfacing; borders; drainage; signed/sealed drawings; or permits.

## Renaissance Park - Turf Surfacing

Installation Terms: Shall be by a Certified Installer. The installer is an independent installer and not part of PlayCore, GameTime, nor Dominica Recreation Products. If playground equipment, installer will be NPSI and Factory Trained and Certified. Unless otherwise noted, installation is based on a standard installation consistent with GameTime installation sheets and in suitable soil with a sub-base that will allow proper playground installation. Drainage is not part of our scope of work unless otherwise noted. Customer shall be responsible for scheduling and coordination with the installer. Site should be level and allow for unrestricted access of trucks and machinery. Customer shall also provide a staging and construction area. Installer not responsible for sod replacement or damage to access path and staging area. Customer shall be responsible for unknown conditions such as buried utilities, tree stumps, rock, or any concealed materials or conditions that may result in additional labor or material costs. Customer will be billed hourly or per job directly by the installer for any additional costs that were not previously included.

Unitary Surfacing Notes : The installer of the Unitary Surfacing (Poured, Bonded, Turf, Tiles) is not the same installer of the playground equipment. However, your certified equipment installer will coordinate the timing of the unitary surfacing installation, but more than likely they will not be on-site at the time. They will continue to be your contact should you have any questions. Security is needed to protect surfacing at night or after installation as the product set. Normally it is not needed or a concern, however in some areas additional security is needed to prevent vandalism. **Security is not included.** Vandalism will be the responsible of the owner.

## SYNTHETIC TURF 40

### 67OZ TOTAL WEIGHT TURF

Low maintenance, impact attenuating, natural looking safety surfacing from GT Impax. This turf is manufactured to provide an attenuating, durable, natural-looking surface under GameTime's industry-leading play structures.

### FEATURES:

- Real grass look keeps parks and playgrounds visually serene and environmentally pleasing
- Meets critical fall height (CFH) attenuation requirements set forth by ASTM (up to 12')
- Easily accessible for children with all abilities
- Includes SILVERBACK™, a specially manufactured back lining to prevent extensive turf rutting and damage
- System installation includes basic infill but available with an upgrade to EnviroFill™ with Microban to help fight the spread of bacteria

### SPECIFICATIONS:

- Face Weight: 40 oz.
- Total Weight: 67 oz. / sq yd.
- Pile Height: 1.5 inch
- Color(s): Field/Olive/Tan
- Roll Width: 15ft
- Infill recommended: Yes
- Primary Backing: TenCate K29 2-Ply
- Secondary Backing: SILVERBACK Coating
- Attenuation layer options - foam or recycled rubber

SILVERBACK provides exceptional penetration to provide the strongest tuft binds obtainable.
