### Compatibility with City of Lauderhill Comprehensive Plan

The proposed re-zoning application is compatibility with the following goals of the Future Land Use Element and the Housing Element of the city's Comprehensive Plan

#### Land Use

##### Goal 1:

*The City Commission shall provide for a distribution of land use by type, density, and intensity to meet the needs of the current and seasonal population in a manner that; promotes a compatible development, redevelopment and urban infill; promotes a land use pattern that supports a multimodal transportation system, with an emphasis on pedestrian ways and walkability.*

##### **Sub-policy 1.1.2.3 Commercial to Residential Flexibility:**

*Residential uses, up to 10 acres are permitted via the City of Lauderhill City Commission allocation of “flexibility units” and /or “redevelopment units” provided that residential uses do not exceed 10% of the land designated “commerce” within the City on the Broward Land Use Plan. The allocation shall be in accordance with the Broward Land Use Plan, the rules established within the “Administrative Rules Document: Broward County Land Use Plan.”*

#### Housing Element

##### Goal 1:

*The City shall ensure provisions for the availability of a variety of quality housing choices for residents that are safe, decent, sanitary or the existing and expected to reside population. Due to the large concentration of affordable housing rental units, the City shall encourage homeownership programs and facilitate the creation of attractive, single family home developments which meet the demand for future workforce and executive housing.*

##### **Objective 1: Adequate Housing Sites:**

*The City shall provide for the locations of approximately 1,000 additional new housing units by the year 2040 to meet present and future housing needs.*

##### **Policy 1-3:**

*The City shall compare and regulate re-zonings and land use amendments to the housing unit mixes established in this plan.*
