Please note the following regarding historical data for the subject property:

- On June 27, 2022, Special Exception Use Resolution NO. 22R-06-129 for approval in the (CG) General Commercial Zoning District/Trasect Zone Overlay of a Mixed Use Development inclusive of up to 245 Dwelling Units and 9,000+/- square feet of Commercial space was granted by the City of Lauderhill's City Commission
- On November 29, 2022 and on December 12, 2022 the Planning and Zoning Board and the City Commission respectively, approved the Applicant's Delegation Request/Plat Note Amendment for the removal of a pre-existing plat note providing for a 70 foot building setback
- On April 18th 2023, and upon the fourth cycle of review by the Development Review Committee (DRC), the DRC voted to Approve with Conditions the site plan
- On July 5th 2023 the City of Lauderhill Planning and Zoning Board heard this Mixed Use Site Plan application and voted to recommend approval of such by the City Commission.

The Applicant, Matthew Jacocks on behalf of GJ Lauderhill, LLC, intends to develop a Mixed-Use Development with six stories and a height of 60' and consisting of 245 dwelling units and 9,000+/- square feet of commercial space on a 4.65 +/- Acre Site in the General Commercial (CG)/Trasect Zone Overlay Zoning District at the property located at Folio numbers 4941-25-32-0010 and 4941-25-32-0030 and which are generally located on the West side of North State Road 7/U.S. 221 between NW 19th Street and NW 21st Street.

II. DATA & ANALYSIS

- A. Pre-application meeting. Land Development Regulations Article IV, Part 1.0., subsection 1.3.1., provides for a pre-application process. It provides for the Applicant to meet with Division staff to discuss the development review process, the type of review required (whether major or minor), and to be informed of which other City staff members to confer with about the application.

The Applicant held a pre-application meeting with the Division in July 2022 to discuss the development review process. The Division explained that the site plan requires major review, that the normal time periods associated with the site plan application review would be followed, that the Development Review Committee (DRC) would make the determination on whether to forward the application to the Planning and Zoning Board (Board), and that the Board makes the final determination on site plans, unless pre-empted by the City Commission.

- B. Application filing and acceptance date. Land Development Regulations Article IV., Part 1.0., subsection 1.3.2., provides for the Division to review any land development order application to determine its completeness and to issue a letter within five (5) working days determining whether or not the application is complete. If the land development order application is complete, then the Division must accept the application. If the land development order application is incomplete, the Division is required to reject the application and forward to the Applicant a notice of incompleteness specifying the data

missing from the submitted application. In the event the Division fails to review the application within the required time, the Land Development Regulations provide for the Division to accept the application for processing.

In September 2022, the Applicant filed with the Division a site plan application. The Division did not issue a completeness letter specifically for the site plan. Consequently, the acceptance date is in September 2022.

- C. Application review period. Land Development Regulations Article IV., Part 1.0., subsection 1.4.4. provides that within 45 days from the acceptance of the application for development subject to major review, the City Planner shall compile the individual staff reports, prepare a written development review report with proposed findings and a recommendation, and notify the Applicant of the date the application will be presented to the Development Review Committee, Beautification Committee, Planning and Zoning Board, and City Commission, or any combination of the above.

The site plan application was filed with the Division in September 2022 and accepted by the Division. The Division provided the Applicant review agency written comments and notice of the DRC hearing for the site plan application. The site plan application was denied without prejudice at the first DRC Meeting on October 18, 2022 and approved with conditions at the Second DRC meeting on April 18th, 2023.

The updated Development Review Report and other review agency written comments, the published meeting notice, and minutes are on file with the Division and are included herein by reference.

- D. Application amendments. Land Development Regulations Article IV, Part 1.0., subsection 1.3.5., provides an application for a development permit may be revised by the Applicant after it has been accepted. The City Planner is charged with the responsibility to examine the amendment to determine whether any portion of the review process must be repeated. If any such portion is repeated, the time limits may be extended up to an additional 45 days.

The Division finds the site plan application has been amended since April, 2023 to conform with outstanding comments.

- E. Platting requirements. The Broward County Land Use Plan, Administrative Rules Document, Article VII., addresses platting requirements, exemptions and definitions. Section 7.3., states that “No unit of local government may grant an application or a building permit for the construction of a principal building on a parcel of land unless a plat including the parcel or parcels of land has been approved by the Broward County Commission and recorded in the official records of Broward County subsequent to June 4, 1953.”

The Division finds the Lauderhill Shoppes NO.3 Plat was recorded in Plat Book 82, Page 3 of the public records of Broward County, Florida.

- F. Future land use and zoning requirements. Land Development Regulations Article III, Part

2.0., Section 2.2., addresses assignment of zoning districts. State law and the City's LDR require that a property have a zoning district that is consistent with its future land use designation.

The Division finds the property is currently zoned General Commercial (CG) and consistent with the future land use designation of Commercial

- G. Permitted land uses. Land Development Regulations Article III, Part 2.0., Sections 2.3., and 2.4., and Part 5.0, and Schedule B respectively address permitted and special exception uses. State law and the City's LDR require that a land use be in conformance with the uses allowed in the zoning district.

The Division finds the site plan provides for a Mixed-Use Development consisting of 245 dwelling units and 9,000+/- square feet of commercial space LDR Schedule B provides that within the General Commercial (CG) zoning district a Mixed-Use Development Use is a Special Exception Use.

Special Exception Use Resolution NO. 22R-06-129, granted on June 27, 2022 by the City of Lauderhill City Commission provides for this Use approval.

V. FINDINGS AND CONCLUSIONS

Based upon the information contained in this Development Review Report, the following findings of fact and conclusions of law are offered:

- A. Staff finds the Site Plan application was scheduled for a duly noticed Planning and Zoning Board Hearing on July 5, 2023. At this public hearing, the Planning and Zoning board reviewed and voted to support and recommend approval of the Site Plan application.
- B. Staff finds the Site Plan application notice has been published in the legal notice section of the Sun-Sentinel, a newspaper of general circulation within the County, at least 10 days before the Board public hearing.
- C. The Division finds a pre-application meeting was held with the Applicant and or agents before the site plan application was filed. The Division informed the Applicant that the site plan would require major review and approval by the Planning and Zoning Board.
- D. The Division finds the Applicant filed a site plan application in September 2022 the Applicant filed with the Division a site plan application. The Division did not issue a completeness letter specifically for the site plan.
- E. The Division finds the plans were denied without prejudice at the first two DRC meetings in 2022 and approved at the third DRC meeting on April 4, 2023
- F. The Division finds that the Development Review Report and other agency comments were provided to the Applicant before each Development Review Committee meeting and within 45 days of acceptance and concludes the written comments were timely provided to the Applicant.
- G. The Division concludes the site plan application is in conformance with the general zoning district requirements specified in LDR Article III, Section 2.5., Article II., Part 2.0., Section 5.1., pertaining to accessory uses and structures. All Conditions of Approval and Comments shall be address before the issuance of a building permit.
- H. The Division finds the site plan application provides for circulation and parking and concludes it is in conformance with LDR Article III, Section 2.6., Article III, Part 6.0., Section 6.5., on parking standards and requirements. All Conditions of Approval and Comments shall be address before the issuance of a building permit.
- I. The Division finds the site plan application has addressed loading and concludes it is in conformance with LDR Schedule S, Article 4.0., Transect Zone 4, Table 9D.,on loading standards and requirements. All Conditions of Approval and

Comments shall be address before the issuance of a building permit.

- J. The Division finds the site plan application is not in conformance with the standards and requirements specified in Land Development Regulations SCH S for Transect Zone Overlays T4 and T5 as it pertains to height and that a Warrant is required to exceed the height by 10 feet for a maximum of 60 feet in height. The division finds that the current code allows for up to 80 feet for Mixed Use Developments but that the maximum allowable height at the time of submission was 50 feet. All Conditions of Approval and Comments shall be address before the issuance of a building permit
- K. The Division finds the site plan application is in conformance with the landscaping standards and requirements specified in Land Development Regulations Article III, Section 2.7., and Schedule J. All Conditions of Approval and Comments shall be address before the issuance of a building permit.
- L. The Division generally defers the Police Division to determine whether the site plan application is in conformance with Article III., Section 3.9., pertaining to Crime Prevention Through Environmental Design.
- M. The Division concludes the application is in conformance with LDR Article III, Section 3.9., on evidence of title based on the records maintained by the Broward County Property Appraiser.
- N. The Division finds the site plan application provides for signage and will be reviewed under a separate permit.
- O. The Division concludes the application is in conformance with LDR Article III, Section 2.10., Article V., Surface Water Management, and Schedule K on flood hazard areas.
- P. The Division defers to the DEES/City Engineer on whether the site plan application is in conformance with the engineering standards and requirements.
- Q. The Division concludes the application is in conformance with Land Development Regulations Article IV, § 7.1., 7.2., and 7.3., on concurrency and subject to associated conditions as provided for by the City Engineer.
- R. The Division concludes the site plan application is generally in conformance with applicable site plan standards and requirements of Article IV., Part 5.0. but conditions have been determined to be reasonably necessary to ensure compliance with the Land Development Regulations and are presented below should the Planning and Zoning Board/City Commission approve this Site Plan application. All Conditions of Approval and Comments shall be addressed before the issuance of a building permit:
 - 1. The applicant shall be subject to any pre-existing dedications, restrictions, covenants, and easements that run with the land.

2. The Site Plan was reviewed and approved by the Development Review Committee and the Planning and Zoning Board and is now before the City Commission for Final Approval.
3. The Site Plan approval is contingent on the approval of the pending Warrant application allowing for a 60 foot building height which is 10 feet taller than was allowed by the LDR at the time of Site Plan submittal.
4. The applicant shall satisfy the outstanding Engineering and Fire comments in relation to upgrading/enlarging the water main which serves the development site, to be approved by the City Engineer and Fire Marshall
5. The applicant shall satisfy the outstanding Fire comments in relation to determining the Fire Hydrant locations to serve the development as well as the additional fire hydrant required for the center building, to be approved by the Fire Marshall.
6. The applicant shall satisfy the outstanding Planning and Zoning and Engineering comments as they pertain to the grading of the property along the Western property boundary, near the site of the required 8 foot buffer wall and within the Utility Easement, to be approved by the City Engineer and the Planning Director.
7. The applicant shall provide to the Planning and Zoning Division the final FDOT approval for the entranceway along NW 40th AVE/N. ST RD 7/U.S. 441 prior to building and engineering permitting.
8. The applicant shall satisfy the Land Development Regulation requirements provided for in LDR ART II.- Public Art Program as they pertain to Public Art.
9. The applicant shall provide sufficient evidence of a Unity of Title for the two parcel which make up the development site, folio numbers 494125320010 and 494125320030 providing for the unification of the site.

VI. ALTERNATIVE ACTIONS

The proposed Ordinance is before the Board/LPA as required by The City of Lauderhill's Land Development Regulations (LDR) Article IV., Part 2.0., and Article VI., Section 4 requires the Board/LPA to make a recommendation to the City Commission on Future Land Use Plan Amendment applications as listed below:

ALTERNATIVE A:

Staff recommends the Planning and Zoning Board enter into the record this Development Review Report and all other substantial competent evidence presented at the hearing, adopt the findings and conclusions contained herein, and forward the record to the City Commission with a recommendation that the proposed Ordinance be **Approved with conditions** because the application is **consistent** with LDR Article IV, Part 2.0. , Section 2.4 on the character of the district and its peculiar suitability for particular uses.

The conditions of approval as indicated below:

1. The applicant shall be subject to any pre-existing dedications, restrictions, covenants, and easements that run with the land.

2. The Site Plan was reviewed and approved by the Development Review Committee and forwarded to the Planning and Zoning Board and the City Commission for Final Approval.
3. The Site Plan approval is contingent on the approval of the pending Warrant application allowing for a 60 foot building height which is 10 feet taller than was allowed by the LDR at the time of Site Plan submittal.
4. The applicant shall satisfy the outstanding Engineering and Fire comments in relation to upgrading/enlarging the water main which serves the development site, to be approved by the City Engineer and Fire Marshall
5. The applicant shall satisfy the outstanding Fire comments in relation to determining the Fire Hydrant locations to serve the development as well as the additional fire hydrant required for the center building, to be approved by the Fire Marshall.
6. The applicant shall satisfy the outstanding Planning and Zoning and Engineering comments as they pertain to the grading of the property along the Western property boundary, near the site of the required 8 foot buffer wall and within the Utility Easement, to be approved by the City Engineer and the Planning Director.
7. The applicant shall provide to the Planning and Zoning Division the final FDOT approval for the entranceway along NW 40th AVE/N. ST RD 7/U.S. 441 prior to building and engineering permitting.
8. The applicant shall satisfy the Land Development Regulation requirements provided for in LDR ART II.- Public Art Program as they pertain to Public Art.
9. The applicant shall provide sufficient evidence of a Unity of Title for the two parcel which make up the development site, folio numbers 494125320010 and 494125320030 providing for the unification of the site.

ALTERNATIVE B:

That the application is not in compliance with LDR Article IV, Part 2.0. , Section 2.4 on the character of the district and its peculiar suitability for particular uses. As such, the City Commission shall **deny** the application.

VII. RECOMMENDED ACTION

PZD recommendation. Based upon its review, staff finds the proposed development to be consistent with the above considerations and recommends the following conditions should the Planning and Zoning board decide to move forward with a recommendation of approval:

1. The applicant shall be subject to any pre-existing dedications, restrictions, covenants, and easements that run with the land.
2. The Site Plan was reviewed and approved by the Development Review Committee and forwarded to the Planning and Zoning Board and the City Commission for Final Approval.
3. The Site Plan approval is contingent on the approval of the pending Warrant application allowing for a 60 foot building height which is 10 feet taller than was allowed by the LDR at the time of Site Plan submittal.

4. The applicant shall satisfy the outstanding Engineering and Fire comments in relation to upgrading/enlarging the water main which serves the development site, to be approved by the City Engineer and Fire Marshall
5. The applicant shall satisfy the outstanding Fire comments in relation to determining the Fire Hydrant locations to serve the development as well as the additional fire hydrant required for the center building, to be approved by the Fire Marshall.
6. The applicant shall satisfy the outstanding Planning and Zoning and Engineering comments as they pertain to the grading of the property along the Western property boundary, near the site of the required 8 foot buffer wall and within the Utility Easement, to be approved by the City Engineer and the Planning Director.
7. The applicant shall provide to the Planning and Zoning Division the final FDOT approval for the entranceway along NW 40th AVE/N. ST RD 7/U.S. 441 prior to building and engineering permitting.
8. The applicant shall satisfy the Land Development Regulation requirements provided for in LDR ART II.- Public Art Program as they pertain to Public Art.
9. The applicant shall provide sufficient evidence of a Unity of Title for the two parcel which make up the development site, folio numbers 494125320010 and 494125320030 providing for the unification of the site.

THREE LOTS ACCORDING TO THE PLAT THEREOF, AS RECORDED IN PLAT 82, PAGE 3 OF THE PUBLIC RECORDS OF BROWARD COUNTY, LESS THAT PORTION OF SAID TRACT "A", LYING NORTH OF WESTERLY EXTENSION OF THE SOUTH LINE OF PARCEL "A" PHILLIPS LAUDERHILL, ACCORDING TO THE PLAT THEREOF, AS RECORDED IN PLAT BOOK 76, PAGE 12 OF THE PUBLIC RECORDS OF BROWARD COUNTY AND AS LEGALLY DESCRIBED HEREIN; PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, this property is zoned General Commercial (CG) by the City of Lauderhill Zoning Map; and

WHEREAS, pursuant to the Land Development Regulations (LDR), this use is permitted in the General Commercial (CG) zoning district by Special Exception approval only; and

WHEREAS City Staff recommends that the City Commission vote IN FAVOR OF of this Special Exception Use Development Order request, subject to the following conditions;

NOW THEREFORE, BE IT RESOLVED BY THE COMMISSION OF THE CITY OF LAUDERHILL, FLORIDA:

Section 1. The Special Exception Use Order of 441 Arthouse/Matthew Jacobs to allow in the General Commercial (CG) Zoning District a commercial mixed-use development project with 245 multifamily units located in the Transit Oriented Corridor (TOC) on a 4.7± acre site as legally described herein, is hereby approved, subject to the following conditions:

1. This application approval shall be contingent upon the approval of the Site Plan, traffic impact analysis, and CPTED review.
2. Any violation of these conditions of approval may result in a public hearing before the City Commission and may result in the modification, suspension or revocation of this special exception use development order or its conditions or both. Further, consistent with LDR Article IV, Part 1.0., Section 1.8, this development order may be revoked, suspended or modified based on the

grounds stated herein. In addition, this development order is subject to post-approval review consistent with LDR Article IV, Part 4.0., Section 4.11.

3. Any special exception approval granted by the City Commission shall expire one hundred eighty (180) days after the date of approval, unless a development permit or site plan approval is applied for within the one hundred eighty-day period.
4. If a use which has been granted a special exception shall cease to operate for a continuous period of one (1) year, the special exception approval shall expire.
5. The owner shall execute a trespass agreement for the police department to keep on file for enforcement.
6. The owner shall work with city staff and provide a security plan and security cameras.
7. The owner agrees to maintain the easement and install landscaping, buffer, and wall in accordance with the approved site plan. The dog run is permitted to be located within this buffer area to satisfy these requirements.
8. The development must have a professional management company hired and active and the owner agrees not to allow condo conversions of the units.

Section 2. The Staff Report, as prepared by City staff, and all other substantial competent evidence presented at the Commission meeting, is incorporated herein and is hereby adopted as the findings of fact as to this special exception.

Section 3. This Resolution shall take effect immediately upon its passage.

DATED this 27 day of June, 2022.

ACCESS AND SECURITY NARRATIVE

The development access control is proposed to be provided using the ButterflyMX security system. There will be security gates at each end of Building B1 to separate residential parking from retail parking and only residents will be allowed to enter beyond that point. The security system consists of intercom panels, custom door pin and virtual keys that can be controlled by residents and management office from their smartphone or computer to allow access to the property.

Residents

Resident will be able to control access using their smartphones by downloading the security system app to their phone. They will create an account that will allow them to send virtual keys for guest or delivery access with restricted time frames.

Delivery Services

USPS, FED EX and UPS will have access already arranged by system provider. All other deliveries can be granted with virtual keys with restricted time frames and recurrence when needed.

Visitors

Visitors can use the intercom panels to contact leasing office, enter previously issued custom door pin, use virtual key, or access directory of tenants to call or leave message.

Management Office & Staff

The security system will be integrated with property management's office software to have an access control system with smart logs to add and remove tenants, review entry logs and remotely manage access permissions. This feature will also allow the management office to prevent stacking onto 441, avoid a car backup internal to the site and allow for safe control of visitors to the site. Cameras will be installed throughout the property to monitor the areas.
