RE: Special Exception Application No. 24-SE-017 (3831 NW 13 ST, 4942 31 34 0010)
Date: October 8, 2024

The applicant/petitioner, Vivian Diamond on behalf of Le Parc Lauderhill, LLC has filed a special exception application which proposed to amend a previously granted special exception use (Resolution NO. 19R-12-275) to increase the proposed unit count from 330 and 358 dwelling units. Figure 1, below, provides an aerial of the subject site located at 3831 NW 13 ST. The site is located on the east side of NW 40th AVE (AKA: North State Road 7/ US 441) and north of NW 13 ST and the Central Broward Regional Park (CBPR). The following information has been prepared for your consideration:

I. BACKGROUND INFORMATION

Requested Action

The Petitioner requests an amendment of a Special Exception Use (SEU) Development Order (Resolution No. 19R-12-275) which approved a multi-family development of 330 dwelling units to increase the maximum number of dwelling units to 358 within the Residential Multi-Family at 40 dwelling units per acre (RM-40) zoning district and within the Transit Oriented Corridor (TOC) on an approximately 9± acre site located at 3831 NW 13 Street, Lauderhill, Florida 33311.

Existing Special Exceptions

Resolution NO. 19R-02-29

February 25, 2019 - The City Commission granted Resolution NO. 19R-02-29 to Le Parc at Lauderhill, LLC approving incentives to assist with the development of 182 garden apartments, 215 midrise apartments and a 3,500 square feet day care facility at the subject site.

Resolution NO. 19R-04-67

April 8, 2019 - The City Commission granted Resolution NO. 19R-04-67 to Le Parc at Lauderhill, LLC approving the development agreement between the City of Lauderhill and Le Parc at Lauderhill, LLC regarding the development of 182 garden apartments, 215 midrise apartments and a 3,500 square feet day care facility at the subject site.

Resolution NO. 19R-12-275

December 9, 2019 - The City Commission granted Resolution NO. 19R-12-275 to Le Parc at Lauderhill, LLC approving, with conditions, a special exception use (SEU) development order to allow within the multi-family (RM-40) zoning district a multi-family development at the subject site.

Development History

In 2019 Special Exception Use (SEU) approval with conditions (19R-12-275) was granted to Le Parc of Lauderhill, LLC for construction of a multi-family development with the (RM-40) and (TOC) zoning districts.

In 2020, site plan approval was obtained through the Development Review Committee (DRC) for the construction of a multifamily development consisting of 330 dwelling units and associated, parking, waste facilities, and residential amenities to include a pool and clubhouse.

Staff shows that the zoning history to date provides for conditional approvals. Each of the SEU Resolutions, as well as the originally approved site plan, condition approvals on the dedication of the

NW 38th Avenue public roadway to facilitate connection between the Commercial Warehouse (CW) Arts and Entertainment (A&E) Overlay district with the Lauderhill Performing Arts Center (LPAC) and the Market Place site (Currently known as "The Hill").

Current application 24-SE-017

The applicant is seeking to amend the existing SEU approval to increase the proposed number of dwelling units from 330 apartments to 358 apartments; the site plan layout is otherwise substantially the same as the previously approved plan.

IV. PLANNING ANALYSIS

As stipulated in the Land Development Regulations, Article IV, Section 4.6, Standards for Approval, The Planning and Development Department has reviewed the proposed request pursuant to the following special exception considerations:

1. The effect of such use on surrounding properties.
2. The suitability of the use in regard to its location, site characteristics, and intended purpose.
3. Access, traffic generation and road capacities.
4. Economic benefits or liabilities.
5. Demands on utilities, community facilities, and public services.
6. Compliance with the Comprehensive Land Use Plans for Broward County and/or the City of Lauderhill.
7. Factors relating to safety, health, and general public welfare.

Based upon its review, staff finds the proposed use to be generally consistent with the above considerations. As such, staff recommends **approval** of the special exception request.

LDR Article III, Sections 2.3 and 2.4., and Schedule B. respectively address permitted and special exception uses. The LDR classifies a Multi-Family Development as allowed in the (RM-40) zoning district as a special exception use.

1. **The effect of such use on surrounding properties:** The subject property and all of the surrounding properties are designated Transit Oriented Corridor (TOC) in the Future Land Use Map Series. The property is zoned Residential Multi-Family at 40 dwelling units per acre (RM-40) on the City of Lauderhill Zoning Map and is located on the east side of NW 40 AVE (AKA: North State Road 7/ US 441) and is north of the Central Broward Regional Park (CBPR). The proposed Multifamily Use is part of a Conceptual Master Plan initiated by the City (**Attachment G**) connecting the 38th Avenue Arts and Entertainment district to a Proposed Mixed Use Master Plan (Commonly known as the Market Place Site or more recently "The Hill"). The Applicant agreed to deed over land for a public road to the City of Lauderhill for the purposes of facilitating both vehicular and pedestrian traffic for the proposed 38th Avenue Concept Master Plan in order to assist the City with developing the immediate area.
2. **The suitability of the use in regards to its location, site characteristics, and intended purpose and access:** The property is zoned Residential Multi-Family (RM-40) and is bordered to the North and East

by Light Industrial (IL) Zoning District, to the South is Residential Multi-Family (RT-16) Zoning District, and to the West are both Commercial Entertainment (CE) Zoning District and General Commercial (CG) Zoning District.

Pursuant to Article III, Section 3.1.15.A, the purpose and intent of the residential multi-family at forty (40) dwelling units per gross acre (RM-40) zoning district is to:

- Allow vacant commercial and light industrial lands and underutilized or obsolete commercial and light industrial uses to be developed or redeveloped with residential multi-family uses;
- Provide for market rate housing;
- Allow limited commercial uses as accessory to the residential uses;
- Encourage the most appropriate use and re-use of land and water by providing a zoning district with flexible development standards; and
- Implement the recommendations of the Strategic Redevelopment Plan for SR-7 and the Citizen's Master Plan (Charrette) for SR-7 which call for the development and redevelopment of some areas zoned commercial and light industrial district with residential uses.
- The RM-40 zoning district corresponds to the transit oriented corridor future land use designation in the future land use element of the Comprehensive Plan.

The suitability of the proposed Multifamily Dwelling Units Use meets the overall intent of the RM-40 zoning district as the property (currently vacant) was originally rezoned from Light Industrial to RM-40 by the City Commission on February 24, 2014 to be developed with residential multi-family uses.

3. **Access, traffic generation, and road capacities:** Access to the property will be provided from NW 13 Street and NW 40th Avenue. A sixty (60) foot wide area of land will be deeded over to the City of Lauderdale in order to accommodate pedestrian and vehicular traffic circulation as a part of the 38th Avenue concept master plan (Ordinance No. 24O-08-126). The applicant has provided a traffic study as a part of the original site plan approval process.
4. **Economic benefits or liabilities:** The economic benefits of the Project are created by constructing a multifamily development consisting of 358 dwelling units on vacant property as shown in the proposed set of plans. The new construction will generate significantly more in property tax revenue than has been would otherwise be collected for undeveloped land. The construction of the Project will provide opportunities for local contractors, as well as individuals of other construction trades. Upon completion, the applicant intends on employing at least five positions to maintain the development including, but not limited to: property manager(s), leasing agent(s), receptionist(s), and maintenance personnel.

5. **Demands on utilities, community facilities, and public services:** The applicant worked with staff through the site plan approval process to address concerns regarding demands on utilities, community facilities, and public services.
6. **Compliance with the Comprehensive Land Use Plans for Broward County and/or the City of Lauderhill:**
 - Element Policy 1.1.12, which addresses Transit Oriented Corridor (TOC) Uses, in the most applicable including sub-policy 1.2.12.1
The Applicant will deed a 60 foot wide area of land which will help to facilitate pedestrian and vehicular circulation as part of the 38th Avenue Concept Master Plan and also provide ample internal and external walking paths in order to meet the intent of SUBPOLICY 1.1.12.1.e.
7. **Factors relating to safety, health, and general public welfare:** The Project will improve the general health, safety, and welfare of the area. Specifically, a vacant lot that can accumulate trash, encourage loitering, and decrease adjacent property values will be revitalized through the construction of a new use. The construction of a vibrant use on the Property will serve as a crime deterrent. The aesthetically pleasing Project will turn an underutilized, vacant parcel into a thriving economic development and help to support commercial development within the immediate surrounding areas.

V. **RECOMMENDATION/ACTION**

Staff recommends **approval** of this special exception request for a multi-family development consisting of 358 dwelling units within the (RM-40) zoning district and with the Transit Oriented Corridor (TOC).

In order to ensure potential effects on the surrounding area is minimized, staff recommends the following conditions be imposed:

1. This Special Exception Use development order for a Multifamily Dwelling Units, Attached Use shall be specifically granted to Le Parc at Lauderhill, LLC and such development order cannot be assigned, leased, subleased, transferred or otherwise conveyed to another entity without further Special Exception approval from the City Commission. Further, this special exception use development order shall automatically expire and become null and void if any entity other than Le Parc at Lauderhill, LLC operates the use.
2. A Site Plan Modification Approval is required from the Planning & Zoning Board (P&ZB), and subsequently the City Commission, for the proposed Multifamily Development in order to increase the height of two buildings from 7 to 8 stories and for the increase in number of dwelling units from 330 to 358.

3. The owner shall execute a trespass agreement for the police department to keep on file for enforcement.
4. The property management office will operate Monday through Friday from 9:00 a.m. to 6:00 p.m. and 9:00 a.m. to 3:00 p.m. on Saturdays.
5. If there are any code enforcement violations or liens, this Special Exception Use Development Order may be brought before the City Commission to be reconsidered, at which time the development order, or the conditions of approval, may be subject to modification, suspension and/or revocation.
6. Any violation of these conditions of approval may result in a public hearing before the City Commission and may result in the modification, suspension or revocation of this special exception use development order or its conditions or both.
7. Any special exception approval granted by the City Commission shall expire one hundred eighty (180) days after the date of approval, unless a site plan modification is submitted and subsequently approved within the one hundred eighty-day period.
8. If a use which has been granted a special exception shall cease to operate for a continuous period of one (1) year, the special exception approval shall expire. Pursuant to Article IV Section 4.8. of the Land Development Regulations, a discontinuance of operations for a period of one year would forfeit any legal nonconformities related to the proximity of residential zoning districts.
