TAB #3 – PROPOSAL

ORGANIZATIONAL STRUCTURE AND TEAM MANAGEMENT

C.A.P Government, Inc. (CAP) a Bureau Veritas Company (BV) team is organized to ensure accountability, efficiency, and consistent service delivery. The structure includes both administrative oversight and technical field operations, enabling seamless coordination between City of Lauderdale (City) staff, applicants, and inspectors. At the executive level, leadership provides critical oversight and contract compliance, with a dedicated Contract Manager overseeing daily operations, staff scheduling, and procedural adherence. Permit technicians serve as the primary interface for applicants, managing documentation and coordinating reviews and inspections.

The technical operations are led by a Chief Building Official who ensures strict compliance with Florida Building Code and Broward County regulations. Our team of chief inspectors and specialized examiners across structural, mechanical, electrical, and plumbing disciplines provide advanced technical reviews and mentorship. Field inspectors conduct comprehensive assessments, including specialized recertifications, while support staff manage critical administrative functions.

On the following page we have enclosed an organizational chart demonstrating our proposed key personnel.

This structure incorporates redundancy and cross-functional capabilities, guaranteeing uninterrupted service and maintaining high standards of professional execution. By integrating administrative oversight with technical

expertise, the team ensures a responsive, efficient, and transparent services.

APPROACH

CAP's approach ensures timely, consistent, and high-quality services which maintaining transparency and communication.

- **Service Delivery**

All plan reviews and inspections are scheduled through the City's permitting software, allowing real-time tracking of performance against required deadlines. Staffing levels are continuously monitored to ensure sufficient coverage.

- **Customer Satisfaction**

We emphasize clear communication with contractors, design professionals, and residents. Our staff are trained to provide explanations of code requirements in a respectful and solution oriented manner.

- **Complaint Resolution**

Complaints are logged, reviewed by the Contract Manager within 24 hours, and escalated to the Chief Building Official if necessary. Corrective action is documented and reported back to the City.

- **Employee Performance and Training**

Each inspector and examiner undergoes ongoing training in both technical updates (Florida Building Code amendments, BORA interpretations) and customer service skills.

COMMON CHALLENGES HAVE INCLUDED:

- **Workload Demands**
Addressed by maintaining a pool of certified inspectors and cross-trained staff who can be deployed on short notice.
- **Complex Code Interpretation Disputes**
Resolved through meetings ensuring consistency with code requirements while avoiding unnecessary project delays.

By maintaining clear communication, implementing documented issue-resolutions, and investing in continuous staff development, CAP can ensure reliable, efficient services consistently aligned with the City of Lauderdale's standards.

PX – Plans Examiner
BN – Inspector
BU – Building Official
PE – Professional Engineer
EI – Engineer Intern
RA – Registered Architect

TAB #5 – SCOPE OF WORK

5. SCOPE OF WORK

C.A.P. Government, Inc. (CAP) will provide the City of Lauderdale (City) Building Division with plan review and inspection services to ensure **timely, consistent, and high-quality support** across all disciplines.

These services will cover **Structural, Mechanical, Electrical, Plumbing, Roofing, Landscaping, and associated specialties, with the ability to perform 30-, 40-, and 50-year Safety Inspections as required.** BV will deliver permit technician support to enhance customer experience, reduce delays, and improve communication between applicants, contractors, and City staff. Our staffing model is structured to guarantee continuity of service even during peak workload periods or staff absences, ensuring that the City's operations are never interrupted.

CAP brings decades of proven experience providing municipal building services throughout Florida, including contracts of comparable size and scope. **CAP has been providing services to the City since 2006.** Our team is composed of licensed and certified Building Officials, Plans Examiners, and Inspectors who meet or exceed all State of Florida and Broward County Board of Rules and Appeals requirements.

Our expertise allows us to handle high volumes of plan reviews and inspections efficiently, while maintaining strict

compliance with applicable codes and regulations.

QUALITY CONTROL

Our strategies are grounded in quality assurance and quality control measures. Each plan review is subject to a peer review process prior to release, while inspection results are logged, and integrated into the City's reporting system for accountability. We monitor turnaround times, inspection closeouts, and customer satisfaction to ensure service excellence.

Complaints are addressed through a structured escalation process that guarantees resolution within 24 hours, and all staff receive ongoing professional training to remain current with code updates, best practices, and evolving technologies.

5. SCOPE OF WORK

In today's rapidly evolving digital landscape, a comprehensive municipal branding strategy must demonstrate a nuanced understanding of how consumers receive and interact with information. The scope of work should focus on bridging traditional communication methods with modern digital platforms, recognizing that residents now expect immediate, accessible, and personalized communication experiences. By leveraging data-driven insights and multi-channel communication approaches, municipalities can create more engaging and responsive interactions with their community.

Furthermore, the branding approach should emphasize transparency, accessibility, and real-time engagement. This means creating communication channels that are not just informative but also interactive, allowing residents to easily access municipal services, provide feedback, and feel genuinely connected to their local government.

By integrating emerging technologies and maintaining a flexible, user-centric communication strategy, municipalities can effectively build trust, enhance community participation, and meet the evolving expectations of modern digital citizens

Furthermore, our staffing model provides flexibility to align resources with fluctuations in demand, ensuring the City always receives the right level of support.

We also understand that building services today are more than just technical compliance; they represent the City's brand and its relationship with residents, contractors, and developers. In an environment where residents expect transparent, efficient services.

Our approach aligns with the shifting dynamics of how people receive and use information. We emphasize clear, branded communication through mobile-friendly inspection results, email alerts, and City-branded digital platforms. At the same time, we recognize the importance of accessibility by maintaining multi-channel service options including online portals, phone support, and in-person interactions to meet the needs of all stakeholders.

Each interaction reinforces the City's reputation as a professional, customer-focused partner, with our inspectors and examiners serving as ambassadors of that brand. We commit to that the City's Building Division remains both efficient in its operations and responsive to the expectations of today's residents and business community.
