On Monday November 10, 2025, a community meeting was held at 6:00 PM at West Ken Lake Park with regard to the proposed site plan application submitted by Sharp Energy, Inc. ("Sharp") for the property located on NW 16th St. in Lauderhill. The meeting was hosted by Bill Hancock (from Sharp) and Michael Wilde (from the law firm of Baker & Hostetler, representing Sharp). At the meeting the residents were informed about the proposed development and had the opportunity to look at the site plan and various pictures illustrating the proposed development. Overall, the comments from the residents were about the overall industrial development in the city. They asked questions about the proposed use of the property and the propane storage tanks in general.
