

City of Lauderhill Safe & Clean Beautification Initiative

Safe & Clean Beautification Initiative

The City hopes to elevate the look, feel, and functionality of Lauderhill's streets, parks, and public spaces through consistent maintenance, lighting, and community - driven beautification that promotes pride and vibrancy.

Ongoing Efforts by Public Works

The Public Works Department plays a key role in the City's Safe and Clean Beautification Initiative through continuous maintenance and improvement projects.

NEAT Initiative

The Neighborhood Enrichment Appearance Team Initiative is designed to improve the overall appearance of the City while ensuring compliance with fire, safety, and property maintenance standards.

Good Cheer Community Clean Up

The Good Cheer Community Clean Up is a day of service and pride that encourages businesses, civic groups, and residents to roll up their sleeves and help enhance the appearance of neighborhoods, parks, and public spaces.

Ongoing Beautification
Efforts by Public Works

APPEARANCE TEAM

NEAT Initiative

Neighborhood Enrichment Appearance Team

The NEAT Team Initiative is designed to improve the overall appearance of the City while ensuring compliance with fire, safety, and property maintenance standards. The goal is to set an example by first restoring City - owned properties, establishing the standard for private property owners to follow. This will be accomplished through dedicated inspections, direct engagement with property owners, and providing guidance and resources to support compliance.

Phase One – City - Owned Properties

October – December 2025

The first phase focuses on City – owned properties to lead by example.

- Weekly inspections are conducted every Tuesday.
- Departments identify beautification and safety improvements.
- Repairs and enhancements are coordinated across departments.

To date, 18 inspections have been completed —beginning with City Hall and several parks. Inspections will continue through the rest of the City and conclude by December 2025.

Veterans Park Code Enforcement Inspection

Phase Two – Commercial Properties

January – April 2026

Phase two targets commercial properties, starting with high traffic areas.

- Convenience stores
- Shopping centers and malls
- Entertainment district

This phase will expand to all commercial properties citywide, reinforcing shared responsibility for maintaining a clean, safe, and inviting environment.

Code Enforcement & Utilities

Phase Three – Residential Properties

May – October 2026

The final phase centers on residential neighborhoods, encouraging residents to take pride in their surroundings.

- Focus on property maintenance and beautification
- Education and outreach to promote compliance and community care

Tentative timelines may adjust as needed to ensure quality and engagement throughout each phase.

Building a Clean & Safe Culture

Beyond inspections and compliance, the NEAT Initiative is about **education, partnership, and pride**.

By addressing City properties first and then engaging commercial and residential partners, we aim to inspire a citywide movement toward lasting beautification and safety.

Together, through steady, consistent improvements, the NEAT Team is helping create a city that reflects our shared values **a city we're all proud to live, work, and play in**.

Good Cheer Community Clean Up

Good Cheer Community Clean Up

Saturday, January 10, 2026

The City of Lauderhill invites community-minded businesses, organizations, and residents to join together for the **Good Cheer Community Clean Up**, a day of service and pride. This citywide initiative encourages volunteers to roll up their sleeves and take part in **beautification projects** that enhance the appearance of neighborhoods, parks, and public spaces.

The event will serve as a **community building opportunity**, fostering collaboration between local businesses, civic groups, and residents who share a common goal — **to make Lauderhill shine brighter.**

Participants will help plant greenery, pick up litter, refresh landscaping, and add welcoming touches that reflect the spirit of Good Cheer throughout the City.

Together, we can make a visible difference and show that Lauderhill cares!
